

Condemnation Ordered Where Needed

City Receives Proposed Code

The Canyon City Commission Monday night received a model electrical code ordinance from the secretary of the Panhandle Chapter of the National Electrical Contractors Association.

The secretary, John Burt of Amarillo, presented the ordinance for the consideration of the commission. He was accompanied to the meeting by Wayne Wirt and Lloyd Childers, Canyon electrical contractors.

The ordinance proposed by Burt would establish a code of minimum requirements for electrical construction and provide for an inspection by the city of all such construction.

The commission took the proposed ordinance under consideration.

The commission also okayed a bid of \$1,275 for sandblasting and repainting the inside of the elevated water tank. The bid was submitted by Chicago Bridge and Iron Company of Tulsa, Okla., the company which built the tank eight years ago.

Recent inspections of the inside of the tank show that pits are beginning to show in the steel. The commission felt that immediate sandblasting and repainting would prevent possible later heavy damage to the tank.

Other business conducted by the commission was routine.

Clinic, Tryouts Slated Friday

More than 40 area high school band directors will attend a directors' clinic, and some 250 to 300 bandsmen and choir members will audition for an All-State band and choir at West Texas State College Friday.

Tryouts for the two state groups, which will perform at the annual convention in Dallas of the Texas Music Educators Association in February, will start at 8:30 a. m. Each student will be given a private audition, with testing in major scales and sight-reading.

A total of 13 band members and 13 alternates will be selected to represent Interscholastic League Region XI. The All-State Choir will include 32 vocalists from this Panhandle region.

Amarillo High School's band and the WT Buffalo Band will play and demonstrate techniques from lists of music for the annual interscholastic league contests. Both bands will also play several marches which might interest area directors for contest warm-up use.

Directors will attend a luncheon in the college cafeteria Blue Room, where WT President James P. Corneille and Ross Larson, principal of Amarillo's Stephen F. Austin Junior High School, will speak. Larson is chairman of Region XI Executive Committee.

Band auditions will be judged by David Kaplan and William O. Latson, WT instructors; and area high school band directors including Gerald Smith, Panhandle; William Miller, Hereford; Wayne Miller, Sam Houston Junior High, Amarillo; Bill Tregoe, Pampa; Fred Carpenter, Borger; Joe DiCosimo, Pampa Junior High; Bonnie Baten, Borger; A. Clyde Roller, Amarillo; and Herman Demus, Canyon.

'Glory to God in the Highest'

Singing a program of Christmas music, entitled "Glory to God in the Highest," the 40-voice First Baptist Church Choir will be presented at 7:30 p. m. Sunday in the church. The

choir is directed by James Johnson. Mrs. Ray Graham is organist and Mrs. R. D. Wheelock is pianist. The program will include several solos and ensembles.

Commissioners Give 10-Day Notice For Underpass to Hill Landowners

Action to speed up the acquisition of right of way for the Canyon-Amarillo expressway was taken by the Randall County Commissioners Court in a special meeting Thursday.

The commissioners authorized Big State Auction Company to complete negotiations for the property from the underpass to the top of the Canyon hill within 10 days if possible. In those cases where the negotiations are not completed within the time limit, condemnation proceedings will be instituted.

Lanham Nelson and Chief Youngblood, of the auction company, said Tuesday that about three-fourths of the right of way needed between Canyon and Happy has been acquired, and that tentative agreements have been reached for almost all the rest.

In addition, they and landowners had reached tentative agreements for about 25 per cent of the land needed for the expressway. So far, six agreements have been signed.

There are 34 parcels of land along the four-lane highway from Canyon to Happy and 150 from Canyon to Amarillo.

Project Engineer Byron Reese told the commissioners court that construction of the traffic interchange just north of Canyon might begin in the early spring. The county must provide the right of way before construction begins.

In those cases where condemnation proceedings will be necessary to gain title to the land, construction will not be held up while the proceedings are in court.

In such cases, a three-man jury of view, appointed by the commissioners and the land owner, sets a price on the land. The county establishes an escrow fund in that amount if the landowner does not agree to the price, and the county gains title immediately.

If the landowner does not agree to the price set by the jury of view, the case may be appealed to the courts. The county binds itself to pay whatever price is set by the courts.

The property already acquired along the expressway was obtained from West Texas State College, Sheriff L. S. Johnston, John McCarty, Estate Life Insurance Company, Memory Gardens, Inc., and J. M. Jacobsen.

Nelson and Youngblood said that most landowners they have approached in negotiation for right of way have been extremely fair. They said that purchase of land north of Canyon has been slowed somewhat because of necessary paperwork that has not been completed and because they were concentrating their efforts to the south of Canyon in response to instructions from the commissioners court.

Big State Auction began right of way negotiations about Oct. 1. Nelson and Youngblood believe they will be able to obtain all the necessary right of way at a total cost within the \$900,000 provided for by the bond election.

Roberts Elected Cancer Prexy

Dr. J. B. Roberts was elected president of the newly-organized Randall County Unit of the American Cancer Society at a meeting Sunday.

Other officers elected included Dr. Ruth Lowes, vice president, Mrs. Scott Downing, secretary, and James Cole, treasurer. Standing committee chairmen will be appointed in the near future.

During the meeting a film, Alexander Ten Spot, which describes the program of the American Cancer Society, was shown.

AAUW Speaker Talks on Turkey

Col. R. H. Lumry, commanding officer of the ROTC unit at West Texas State College, spoke Monday at the annual Christmas Luncheon of the American Association of University Women.

Approximately 58 members assembled in the Blue Room of the college cafeteria and heard Col. Lumry talk on Turkey where he was stationed for a period of his military service. A film on Turkey was shown with explanations and comments by the colonel.

A high school girls ensemble under the direction of Miss Ada V. Clark entertained and concluded the program singing Christmas carols.

Decorations following a Christmas theme were snow men and small Christmas trees dotting red streamers on the tables. Mrs. Clay Cooper was in charge of arrangements and Darthula Walker, chairman of the International Relations group, was in charge of the program and introduced the speaker.

On Dec. 12 at 7:30 p. m., the Interior Decorations study group will meet in the home of Mrs. Lowell Harrison to discuss "Furniture Arrangement." The opera study group will meet in the home of Mrs. Earl Stevens Dec. 12 at 7 p. m. to hear "La Traviata."

All persons with questionnaires are requested to turn them in to Mrs. Lowell Harrison immediately.

Sixtieth Year

Canyon, Texas

Wednesday, December 7, 1955

Number 35

Building Value Tops \$1 Million

Canyon building topped \$1 million during November with nine permits totaling \$78,700.

The total value of permits issued during 1955 is \$1,041,235. Permits issued during November include:

Frank Hicks, 605 17th, addition, \$100, Nov. 1.

Bill Griffin, 1710 First Avenue, residence, \$4,000, Nov. 15.

Lloyd Childers, 1319 Third Avenue, garage and storage, \$3,500, Nov. 15.

K. L. Britt, 2612 Sixth Avenue, residence, \$3,600, Nov. 16.

Taylor and Sons Country Store, 900 23rd, store building, \$30,000, Nov. 19.

A. H. Simon, 610 Eleventh Avenue, residence, \$12,500, Nov. 19.

Mrs. Mary L. Dugan, 500 Eighth Avenue, residence, \$4,000, Nov. 24.

Dr. W. B. Stevenson, 810 23rd, drive in cafe, \$11,000, Nov. 25.

Glenn Gardner, 2403 Eleventh Avenue, residence, \$10,000, Nov. 30.

Two-Inch Snow Gives Moisture

The second snow of the season brought .09 of an inch of moisture from more than two inches on the ground Monday morning.

The snow began falling around midnight Sunday and continued until about noon. Above-freezing temperatures in the afternoon Monday melted all but protected areas.

Mrs. Pearl Hileman visited recently in Clovis with relatives and in Tulia with Mrs. Loda Griffin.

What To Give? Try Canyon News

Deciding what is the right present to give to friends and relatives can get to be mighty bothersome at this late date. But here's one suggestion you've probably not thought of—give a year's subscription to The Canyon News.

We will send a suitable gift card, and will accept renewals or new subscriptions.

The Canyon News would make a delightful gift to a friend who has moved away, or a renewed subscription would be just the thing for the Smiths down the street. Prices are \$1.50 for a year inside the county and \$2 outside.

By giving The Canyon News, Santa will visit 52 times next year instead of once. Come by the office or telephone OL5-2141.

Paving Deadline At End of Year

The final deadline for cashing in on the city's cut rate paving program is Dec. 31.

Property owners may obtain the paving by signing up at the city hall. The cost has been set at 45 cents per running foot.

Cost of preparing the base will be borne by the city, using manpower and equipment normally idle during the winter months.

Requirements for obtaining the paving are that only full blocks will be accepted and the paving must tie on to existing paving.

The base will be prepared this winter, and the topping will be applied in the spring.

'All My Sons' Opens 3-Night Stand In College's Branding Iron Theatre

First major production of the year, a powerful Arthur Miller drama, "All My Sons," opened last night for a three-night stand in the Branding Iron Theatre at West Texas State College. Performances at 8:15 p. m. will also be held tonight and Thursday.

A cast of experienced college actors, headed by Jerry Williams, Canyon graduate, who plays a role for the second time, has been chosen by Mrs. Margaret Echols Moore, director of WT dramatics. The play is sponsored by Alpha Psi Omega, national dramatics fraternity.

Admission is 75 cents for adults and 50 cents for children and high school students. Reservations for any performance may be made through the WT speech department.

Presented in intimate theatre style, "All My Sons" was previously produced during the summer theatre season of 1953 by the Palo Duro Players.

Williams appeared then as Chris Keller, a role he is repeating. Another member of the 1953 cast, "WAM" Moore, son of Mr. and Mrs. William A. Moore, is also appearing in the current production in his role as Bert.

Playing in the drama are Johnny Welton, Pampa, as Joe Keller; Patricia Hall, Amarillo, as Kate Keller; Williams as Chris; young Moore as Bert; Bee Chinn, Borger, as Ann; Gary Walker, Hereford, as George; Letha Fedric, Stratford, as Sue; Don Bauer, Tulia, as Dr. Jim Bayless; Verdi Knox, Canyon, as Lydia; Jim Perkins, Amarillo, as Jim.

"All My Sons" is concerned with

Farmers Must Have Security Number

Randall County farmers who do not now have a social security card are urged to attend to this important item immediately.

The cards and the number assigned will be needed when the report made to the Bureau of Internal Revenue for Income and Social Security purposes, is made in January of 1956.

This will mark the first time many farmers have been covered by social security. Because the cards have not been needed in previous years it is believed many farmers may not have the necessary social security number to use when the reports are due.

There is no need to apply for a number if in previous years a card and number were received. A number once assigned to a person becomes his sole property. Those people who have lost their numbers should trace this number through their nearest social security office.

Randall County is served by the district office in Amarillo. The office is located in the new Post Office building in that city.

A small leaflet explaining the new social security law as it applies to rural people is available in the office of Randall County's Agricultural Agent, John Brazill.

Lions Sales Huge Success in Canyon

More than \$1,200 was received during the Lions Club Caravan Sale for the Blind last week.

The club expressed thanks to the citizens of Canyon for supporting the sale, proceeds of which go to the blind persons who made the articles sold and to the sight conservation committee of the local club.

The sale was so successful that the club may make it an annual event.

Refugee Committee Meets Thursday

The first meeting of the newly-formed committee for refugees will meet at 3 p. m. Thursday in the home of Miss Mary Moss Richardson.

Members of the committee are Dr. R. A. Neblett, Mrs. Marion Higdon, Mrs. O. L. Coleman, Mrs. E. T. Cummings, Milton Morris, Mrs. Tom Knighton, Mrs. W. C. Black and Miss Richardson.

Mr. and Mrs. E. E. O'Donald and Mr. and Mrs. Ralph Ruthart were at Camp Rucker, Ga., last week. The O'Donald's son, Lt. Robert O'Donald, received his wings and graduated from helicopter school.

Eagles Hit Adrian Again, 62-39

Coach Lynn Hulsey's Canyon Eagles tromped Adrian High School by a score of 62-39 Tuesday night in the second game scheduled with the school.

Last Friday the Eagles were defeated by Childress by a score of 64-46. Earlier last week, Canyon defeated Adrian 41-36 in the first game of the season.

A. L. Pruett sparked the Eagle attack Tuesday night, dropping 21 points into the basket on nine field goals and three free throws. Following him was Melvin Cunningham, who marked up 15 points on seven field goals and one free shot.

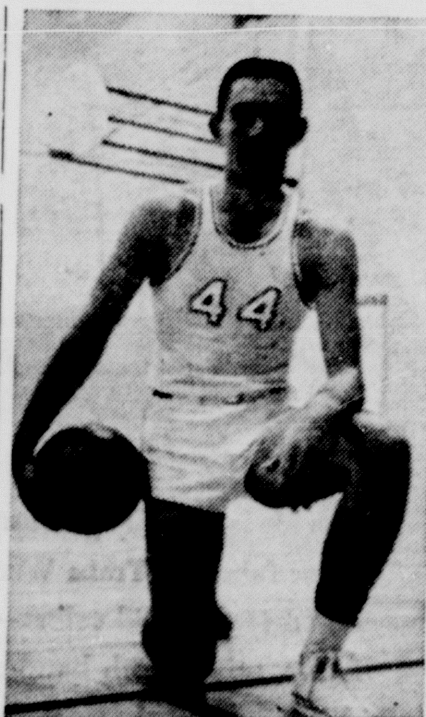

Lloyd Homfield and A. Pinnel tied with 13 points each to lead Adrian. Charles Neblett and Ed Montgomery were tied with 10 points each for third spot for Canyon.

The Eagles led at the end of the first quarter by 14-8, at the half by 26-16 and at the end of the third quarter by 44-23.

Childress stayed on top of the Eagles all through the game, leading 20-9 at the end of the first quarter, 34-16 at the half, 50-34 at the third quarter and 64-46 at the end.

Charles Neblett led the Eagles in scoring with 16 points from seven field goals and two free shots. Leading in the game was Childress' F. A. Davis with 25 points from 11 field goals and three free shots.

The Eagles hit .347 in field goal

CHARLES NEBLETT

MELVIN CUNNINGHAM

attempts in the Childress game, making 17 for 49 tries. Neblett led in the percentages, making seven out of 12 tries for 58 per cent. He also led in rebound snagging, getting seven out of the 17 for the team.

In field goal percentages for the season, discounting last night's game with Adrian, Neblett leads with 48 per cent of 21 tries and Melvin Cunningham is just behind with 46 per cent for 24 tries.

Neblett has made 10 and Cunningham 11.

Other percentages for the first two games include A. L. Pruett, 21 per cent on 24 tries, Garland Ruthart, 25 per cent on 16 tries; Edgar Montgomery, no goals on one try; Jon Cross, 33 per cent on three tries; Harlie Adams, no goals for three tries; Elston Burkham, 100 per cent for one try; and Leonard Miller, 33 per cent for three tries.

EDITORIAL

Views and Comments

The 1,800 delegates to the White House Conference on Education favored asking for increased federal aid to schools by about 2 to 1 during the closing sessions of the conference in Washington last Thursday.

At the present time, the federal government gives some aid to schools in the form of participation in vocational training programs and financing of schools in areas where school population has grown because of new defense or other federal installations. The government also operates the school lunch program, but that program is under the Agriculture Department rather than the U. S. Office of Education.

The conference was wanting federal funds to help build new buildings, and the delegates felt, for the most part, that the aid should be given to states only on a basis of demonstrated need.

But, with blinded eyes, the delegates almost unanimously opposed "any federal control over educational uses of funds in state school districts."

Secretary of Health, Welfare and Education Folsom promised that a federal program of aid to schools would be presented to Congress soon, and here we go again.

Anyone who thinks he can get financial aid from the federal government for any purpose and use the funds without control from the federal government has been smoking too much opium. It can't be done, and that's been proved over and over.

If a program passes Congress and financial aid is given to any state, the school systems of the entire nation will pass under the jurisdiction of the Department of Welfare, etc.

That's a flat statement that's fairly hard to prove by facts and figures. It can best be proved by surveying the experiences of those who have already accepted federal aid in one form or another.

Farmers who get supports for crops must abide by production and marketing controls by the government.

States which accept federal money for building highways must abide by regulations of the government. That's the reason why Randall County must buy enough right of way to make 300 feet from Canyon to Happy—the Bureau of Public Roads requires a 300-foot right of way, not the state highway department.

Railroads which accepted federal aid many years ago when they were first building still are controlled by the federal government, even to a greater extent than those railroads which did not get federal aid. Land grant railroads must carry federal personnel and goods at half rates, for one thing.

Scheduled airlines operate on direct subsidies in the form of mail contracts from the federal government, and they are so tightly controlled they cannot establish new routes or offer new services without federal approval. One company, Pioneer, wanted to buy some new airplanes a couple of years ago, and had the devil of a time getting permission.

Those are just a few instances of how federal control comes when someone gets federal money. Federal money is just like any other—you've got to pay for what you get.

The federal government wanted to use the Texas Lions Camp for Crippled Children located near Kerrville. The Lions use it during the summer and the federal government wanted to use it during the winter for mentally handicapped children.

Although few details were available for study by the local club, there was an implied offer of federal money to enlarge the camp and maybe even some for operating expenses. At present the camp is operated by money raised, donated and assessed of local clubs in the state.

The Canyon club and its board of directors voted to turn down the federal offer and request, not because the camp doesn't need more money, but because the members felt that the federal government would establish regulations for the use of the camp and it would no longer be a thing used in the best interests of the crippled children of the state. Indeed, the members felt that the state Lions would lose the camp entirely if the federal government was allowed to get its foot in the door.

The nation's educators are often visionary and sometimes lack a connection between their feet and the ground.

By deciding to ask for federal aid to schools, even if only for the laudable purpose of building new classrooms in areas where they are desperately needed and there are no local funds available for the purpose, the educators have opened the front door to the federal government.

They didn't get the door open very much, but just enough to let the federal government get its foot inside. Within no time at all, the federal government will be inside the house demanding a different kind of pie for dessert.

And, the schoolboard in Canyon will have to get busy and cook another kind of pie, and maybe fry up an extra chicken, too.

While on the subject of teachers, or education, the Texas State Teachers Association voted an amendment to their constitution over the Thanksgiving weekend while at their annual convention in San Antonio.

The amendment added the word "white" to the requirements for membership in the association. All that in the face of the U. S. Supreme Court decree calling for the end of segregation in schools, as well as later decisions of the courts ending segregation in transportation and in the use of publicly-owned parks.

But, to us, even worse is the fact that the association amendment is in the face of the declaration of the Declaration of Independence that says that all men are created equal; and in the face of the Christian Bible that says all men are brothers and that you are your brother's keeper and so are we.

Shame on those short-sighted, bigoted delegates to the convention who voted for the amendment.

While the amendment was on the floor for consideration, a motion to pull the fangs from it was offered, but ruled out of order. In all fairness, we must hope that the amendment passed by only a small necessary majority—but it did pass!

Maybe those who voted for the amendment think that they can avoid recognizing the truth by looking the other way. An ostrich can hide his head in the sand, but that doesn't stop a lion from coming along and gobbling up the end that's sticking out of the sand.

We hope that the delegates from this area were smart enough to vote against the amendment. Because we'd hate to think that those who are teaching the young people of the Panhandle are that dumb.

The Canyon News
Canyon, Texas
Dear Sirs:

I have received a copy of the article you recently ran in your newspaper concerning the needs of the patients here at the hospital and your appeal for gifts for them for Christmas. This kindness and understanding is appreciated very much. We strive to do everything possible for these unfortunate people but Christmas would certainly be dreary for many of them without the support of the newspapers and numerous individuals who help supply gifts.

It makes our work here seem so much more worthwhile and satisfying to know that others are also interested in these patients. Please accept our humble thanks for getting the story before the readers of your paper. I feel sure it will mean gifts for these people that they otherwise would not receive.

Thanks again for your wonderful cooperation.

Sincerely,
(signed) Wm. T. Lawler

WHO KNOWS?

1. What is the meaning of the feminine name, "Elizabeth?"
2. What does the Latin expression "Ecce homo" mean?
3. How did Moses get his name?
4. What does the word "Pius" in the Pope's name mean?
5. What is a "tort?"
6. If a person dies "inestate," does he leave a will?
7. What measurement is used in measuring the height of horses?
8. How much is a "hand?"
9. What does the word "indemnity" mean?
10. What is the verb that means the same thing?

The Answers . . .

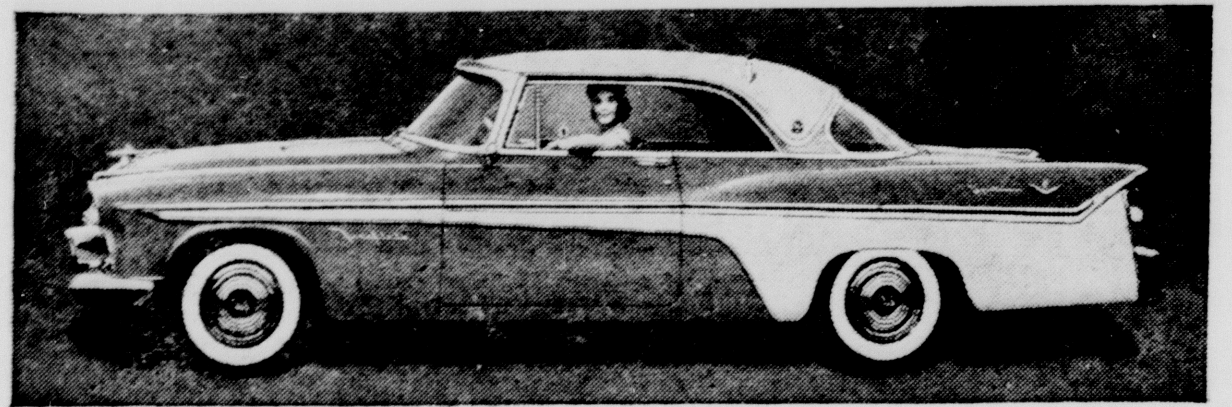

1. Worshipper of God; consecrated to God.
2. Behold the man.
3. It means "drawn out of the water."
4. As the word implies: pious dutiful.
5. A private or civil injury for which damages will lie.
6. The word means, "One who dies without a will."
7. The hand.
8. About four inches.
9. A noun, meaning "a guarantee against loss; freedom; compensation for damages suffered."
10. Indemnity.

MUCH TOO MUCH

A Latin-American colleague tells how a business man in one of the "banana republics" wrote a letter placing an order for an engine capable of a thousand revolutions a minute. The letter was intercepted by government agents, whereupon the business man was called before El Presidente who said:

"One revolution a day we can handle but a thousand revolutions a minute—too much."

Bible Verse to Study

"It was revealed unto him by the Holy Ghost, that he should not see death before he had seen the Lord's Christ."

1. To whom does this verse refer?
2. Where was he at the time?
3. Upon what occasion?
4. Where may this verse be found?

BIBLE VERSE ANSWERS:

1. Simeon.
2. In the Temple at Jerusalem.
3. When Mary and Joseph brought the baby Jesus to the Temple, according to Jewish custom.
4. Luke 2:26.

Israel has asked the United States to sell her 40 or 50 late-model jet aircraft as well as anti-submarine vessels, heavy tanks and other heavy armament.

NOT TOO MUCH

An old lady was celebrating her 100th birthday and as she sat rocking in her chair on the front porch, her glasses perched on her nose, a newspaper reporter said to her:

"Grandma, you must have seen a lot in the past 100 years."
"Not much," was the sad reply.
"Everything was always over by the time I'd find my glasses."

Executive Says Canyon To Double Soon After Expressway Completion

Canyon will double in population within three years after the completion of the Canyon-Amarillo expressway, T. S. Whitis, vice president of the Pioneer Natural Gas company, predicted in a talk to the Lions Club last week.

Whitis said the prediction is the one made by both the sales and the transmission departments of the gas company. He said that the company is basing its plans for servicing the city on the prediction.

Whitis detailed the extent of the Pioneer transmission system in the speech. He said the West Texas division starts in the vicinity of Fritch and extends to the Midland-Odessa area and includes some 1,700 miles of pipe.

In the past year, the company has started taking gas from the southern end of the system rather than singly from the Fritch area. For the first time, Canyon was served with some gas from the southern end this year, Whitis said.

At the present, Pioneer serves some 52 towns, he said. The system has grown from 900 miles of pipe in 1950 to the present total, and the number of customers has doubled, Whitis said.

The capacity problem of the company has changed radically in the past three years because of the growing use of gas as fuel for irrigation pumps, Whitis said. The increased farm use has changed to company from "winter sales" to "year round sales."

The yearly average day is now about one-half of the old winter

peak day, Whitis said. The company's lines now carry an average of 65 per cent of capacity each day rather than only in the winter, he said.

In 1950, there were 500 irrigation accounts on the existing trunk lines, he said. In the first three months of 1955, some 500 miles of irrigation feeder lines were built, and an estimated 4,000 miles of privately-owned pipelines from the irrigation feeders to the wells were laid, Whitis said.

In 1954, the gas company was serving 9,500 well connections. By the end of this year the company expects to be serving 11,500 wells and estimates there will be 13,000 by the end of 1956, Whitis said.

Visitors to the club were Bob Black of Borger and Charles Markham, driver of the Texas Blind Shops Caravan truck.

March of Dimes Program Starts

Supt. of Schools Joe Gibson was renamed Randall County March of Dimes campaign chairman at a preliminary meeting Thursday afternoon.

Other officers elected included George Blackwell, vice chairman, and Don Standley, secretary-treasurer.

Gibson announced that Mrs. W. E. Miller and Mrs. J. D. Barker had volunteered to investigate the possibilities of organizing a Mothers March for Dimes during the 1956 campaign in Canyon.

The fund drive will be coordinated with a telethon over KFDD-TV. Emmitt Smith was appointed TV director to work with the Amarillo television station.

Sub-directors of the campaign appointed by Gibson were Rex Reeves, elementary schools, J. E. Miller, high school, Lawrence Brotherton, junior high school,

FACING MOROCCO'S DESTINY—Seated again on the throne of Morocco after two years in exile, Sultan Sidi Mohammed ben Youseff is flanked by sons Moulay Hassan, left, and Moulay Abdalla. From his throne at Rabat, ben Youseff seeks to weld dissident factions in his own country into an instrument of government which will effect full sovereignty for the French protectorate.

Frank Morgan, college, Joe Franks, Umbarger, and W. E. Miller, city drive chairman.

The group discussed various aspects of the drive, and decided to attempt to cooperate with the Home Demonstration program in order to give those who live in rural areas a chance to contribute.

Attending the meeting were Gibson, Franks, Standley, Miller, Bill Sternberg, Truett Hull, Mrs. Miller and Mrs. Barker.

Administration will again ask Congress to raise first-class postal rates, government sources state. Basic rates would jump from three to four cents for first class mail; from six to seven cents for air mail. Post office hopes thereby to establish itself on a "pay-as-you-go" basis.

National Association of Television Producers is drawing up a code of ethics to assure that the "viewing public receives the proper type of shows," according to an organization spokesman.

Easier mortgage credit is seen for 1956 housing.

The easiest of all skills for a woman's hands to recapture is that of handling a baby. After several years away from little ones, a woman half expects to feel a stranger to it. But for hands once trained to the task, the art of lifting the tiny things — with fingers spread to support back and neck and head — returns quickly.

Most of the duties hands perform are fairly routine: preparing meals, making beds, dusting, mopping, mending — in the domestic vein; typing, telephoning, driving a car — in their public contacts. But none of these "things" talk back, so to speak. Hands pick up pans, open refrigerator doors, hold a mop handle or a needle, and get only the expected response. With a baby it's different.

The tiny body squirms to express discomfort, relaxes or stretches luxuriously to express pleasure. One's hands become recorders to register the child's reactions to the treatment it receives. And no more satisfying answer comes for the child holder than the deep sigh which practiced fingers feel rather than the ear's hearing. It is the signal that all's well.

And what the hands record, the mind registers, the heart enjoys. Tiny feet pushing against an arm promise future strength. A small head rising from one's shoulder foretells a strong back. Little fingers closing around one's thumb express confidence and a sense of security.

A woman's hands are rarely still. Many of the things they do are trivial, a few are downright wasteful of time and talent. Some motions which seem unimportant actually contribute a great deal to the comfort of family members

IT ALL ADDS UP

Boy — Aw, Pop, I don't want to study arithmetic. It tain't no use. Dad — What! A son of mine grow up and not be able to figure football scores, batting averages and race-track odds!

TOO NICE

He (at movies)—Can you see all right? She—Yes. He—Is there a draft on you? She—No. He—Seat comfortable? She—Yes. He—Mind changing places?

Buy Her an Automatic

GAS Clothes Dryer

A Gas Clothes Dryer...

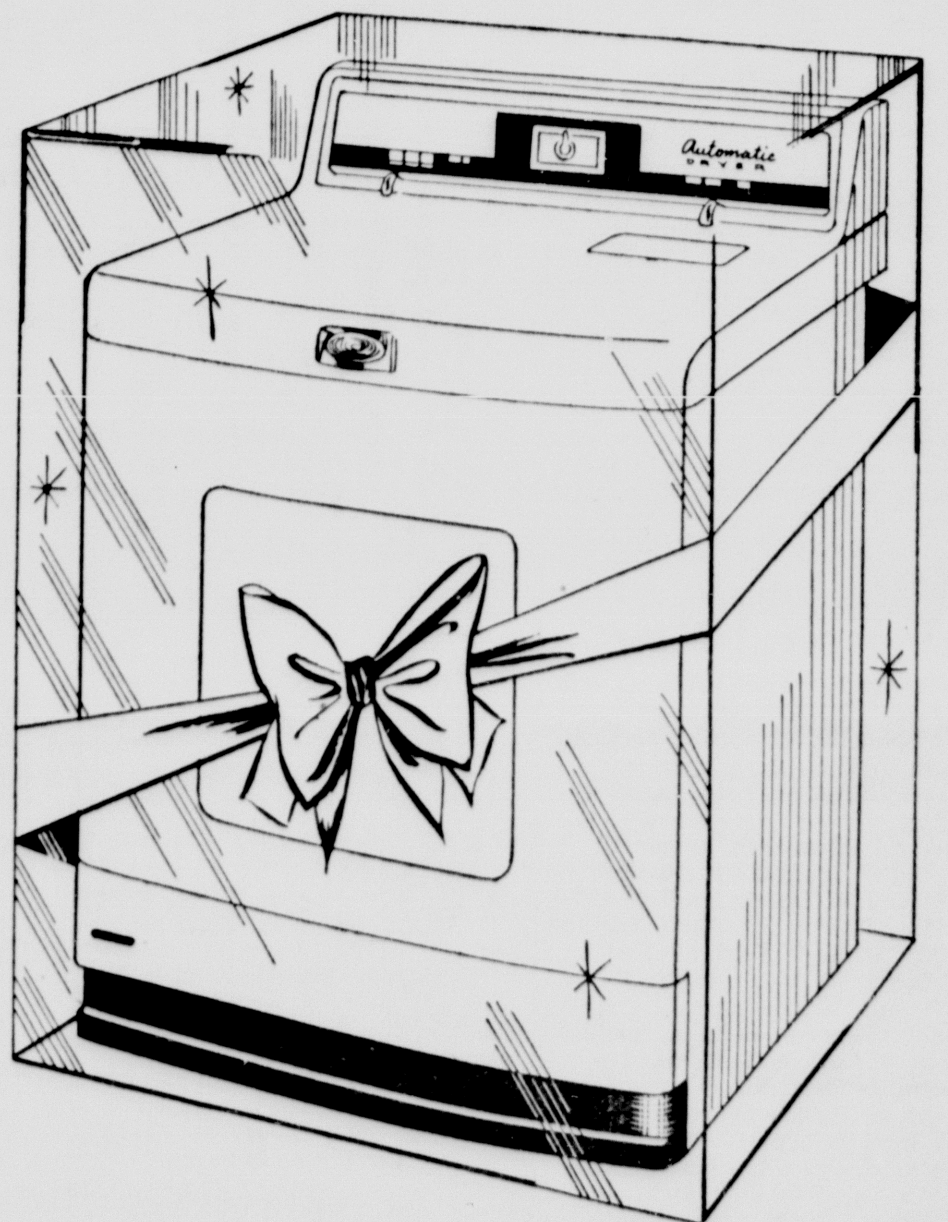

- ☆ Costs Less To Install
- ☆ Costs Less To Operate

SAVE

On Operating Costs

With an automatic Gas dryer

• Home economists estimate that the average homemaker will dry approximately 16 washer loads of clothes a week. Some of these loads will dry in five minutes. Other fabrics take as much time as an hour — or more — to dry. The average load requires about 30 to 35 minutes to dry. Gas for drying clothes costs approximately 1 cent an hour. Based on the above averages, it is estimated that the homemaker will use a dryer about five hours a week (to dry 16 washer loads of clothes) — or 260 hours a year at a cost of only 1 cent an hour or an average total of \$2.60 a year. See your gas appliance dealer today. Buy an automatic gas clothes dryer... a dryer you can afford to use.

Gas for drying clothes costs approximately

Mullins-Gunkey Vows Solemnized In Formal Candlelight Ceremony

In a formal ceremony at Joseph A. Hill Chapel, wedding vows were solemnized for Rita Mullins, daughter of Mr. and Mrs. Clyde Mullins of Tulsa, and Leonard Gunkey, son of Mr. and Mrs. C. Gunkey of Tulsa.

Bob Wear, minister of the Central Church of Christ, read the double-ring ceremony before an altar decorated with candelabra and white candles and arrangements of white mums and white gladioli backed by lemon leaves. The family pews were marked with white mums and white satin bows.

Ted Sponholtz sang "Through The Years" accompanied by Mrs. Ted Sponholtz, organist. Wayne Byrns, cousin of the bride, and Jimmy Hootenphyll lighted the candles. Jean Hootenphyll registered the guests.

As matron of honor was Jean Hinton and Joyce Barker, cousin of the bride, and Patsy Rice were bridesmaids. The attendants wore dresses of blue tulle over satin styled with waist length blue satin jackets and headbands of tiny blue and white mums. They carried colonial bouquets of white and blue mums with white and blue satin streamers.

M. E. Gibson was best man. Given in marriage by her father, the bride wore a white gown designed with a bodice of lace and

long tapered sleeves. The full skirt was of white tulle over satin. She wore lace mitts and her fingertip veil was of white tulle studded with rhinestones. Her bouquet was of white and blue mums tied with white satin streamers.

Mrs. Mullins, mother of the bride, wore a navy blue suit with white accessories. Her corsage was of white mums. The mother of the bridegroom, Mrs. Gunkey, wore a wine colored suit with white accessories and a corsage of white mums.

Following the ceremony, the bridal party was honored at a reception in the home of the bride's uncle and aunt, Mr. and Mrs. George Barker. The bride's table was laid with a lace cloth over blue satin and centered with an arrangement of small white chrysanthemums, the matron-of-honor's and bridesmaids' bouquets, and candelabra holding blue candles. Patsy Rice served the cake and Joyce Barker presided at the punch bowl.

For the wedding trip to Florida, the bride chose a black wool suit with black and white accessories. After Dec. 12, the couple will be at home in Tulsa where the bridegroom is farming.

CARD OF THANKS

To our many friends who expressed their concern for us during the days of our deep grief with visits, food, flowers, cards and letters, we wish to express our sincere gratitude.

Edna Duncan and children

I wish to extend my thanks to the hospital staff and to those who sent kind words of encouragement and flowers during the period of my illness.

Texas Farmland Prices Rising

COLLEGE STATION—A report by the U. S. Department of Agriculture on current developments in the farm real estate market as of July shows a continued upward trend in market prices of farm land in Texas this year.

Farm land values in Texas rose 6 percent between March and July 1955, bringing them 8 percent above their general level as of July 1954.

Nationally, a continued moderate advance in dollar value of U. S. farm land during the first half of 1955 brought farm estate values back to their previous peak reached in late 1952, following the Korean outbreak.

Compared with a year earlier, farm land values in 36 states showed gains of 2 percent or more this July and the national average increase was 5 percent. Largest increases occurred in the central Corn Belt, where gains ranged from 5 to 8 percent.

But similar increases occurred in Texas, Louisiana, and Florida. Only three states—Maine, Vermont and Wyoming—reported values significantly below a year earlier.

The strength in land values, according to the Department of Agriculture, appears to be based in part on strong demand for additional land to enlarge existing farms and permit more efficient use of farm machinery.

More available credit is also given as a factor, plus favorable crop prospects at mid-1955, and a generally favorable outlook in the national economy.

More than two-thirds of the farms and farm tracts sold in 1954 and the first half of 1955 were bought by farmers, and farmers who already owned some land were the principal class of farmer-buyers.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

One of major activities of the International Cooperation Administration, latest name for foreign give away agency that started out as Marshall Plan and which has given away some \$70 billion in U. S. taxes, is press agency.

At the drop of a taxpayer's dollar, there appears a corps of government paid press agents ready to explain why that dollar should be taken away from the taxpayer's family. C. W. Harder, a community and given to Timbuctoo. One of these press agency efforts is publishing pamphlets on each country receiving U. S. gifts.

For example, the boys have just published a little treatise on Mexico, identifying it as one of the 19 Latin American countries on the receiving end of U. S. tax money.

Mexico, fourth largest nation in the Western Hemisphere, with an area more than three times the size of France, has rich resources beyond description. Yet a large share of her 30 million people are on a constant verge of starvation.

Obviously, Mexico needs capital for development of these resources. And apparently the people of the nation do not have the necessary capital. Yet in 1933 with passage of an expropriation law, the Mexican government barred the door to outside capital coming into the country.

In addition, some industries

such as the petroleum industry, are nationalized. The government also runs collective farms.

Undoubtedly the spectacle of millions of Mexicans starving in the midst of plenty is an unhappy paradox. Yet U. S. State Dept. which now controls U. S. give away funds, apparently hesitates to suggest to Mexican government that it can lift its economy out of the doldrums with little, if any, difficulty.

But instead, the over-burdened U. S. taxpayer is tapped to aid Mexico.

It is understandable why Gov. J. Bracken Lee of Utah is using every strategy he can to force a court test on the legality of using U. S. taxes for foreign aid.

After all, he heads a state founded by pioneers who had no money, who settled in an area possessing little in the way of proved resources. Yet by their own bootstraps, with no help from anyone, they built an economically healthy commonwealth.

Naturally, with the means they command for putting on a "big smear," internationalists at work in U. S. will hold up Gov. Lee for derision on his stand.

But sooner or later, and the sooner the better, the majority of the American people will have to realize that the way to world tranquility does not lie in the bankruptcy of the United States of America.

Giving U. S. tax dollars to Mexico, with its vast resources, is ridiculous.

It is almost as if a special March of Dimes were to be held to solicit help for the firm of J. P. Morgan.

I GIVE YOU TEXAS

By BOYCE HOUSE

A good many years ago, there lived in a Texas town a man who owned a general store and a cotton gin. One season, what with the drouth and the boll weevil, the county's cotton crop was almost a complete failure.

A farmer drove into town with a load of cotton—all he had to show for a year's work. There were a number of vehicles in line awaiting their turn so he left his boy in charge. From some cause (perhaps the farmer, in lighting his pipe, had been careless with the match), the cotton caught fire and, when the blaze was put out, the load was a sodden mass.

Sadly, the farmer climbed into the seat to drive back to his place when the gin owner hurried up and said, "Bill, where do you think you are going? Don't you know that when a man drives into my ginnyard, the cotton is mine?" And he counted out the full price for that load of worthless cotton.

There was truly a man who believed in, and practiced, the Golden Rule.

Writers are not the best judges of their own writings.

A. Conan Doyle rather regretted that he had ever written about Sherlock Holmes. He tired of the character, "killed" him and had to bring him back because of pub-

lic demand. Doyle considered his historical novels his finest work. Washington Irving believed his foremost productions were his elaborate biographies, the result of much research. The world does not read them but will always read "Rip Van Winkle."

Why have bakers practically quit putting cinnamon in pies? The rich brown powder adds an appealing touch to the sight, imparts an aroma and gives a spicy flavor.

For a number of years, I had a radio network program. The stations belonged to NBC, I believe. I was not permitted to make mention of any radio personality, even though his name was a household word, if he was on the other network. And yet folks think the ostrich is silly!

Perhaps, however, radio has grown up now and permits mention of Crosby, Benny and Charlie McCarthy even though they're not on that network.

The owner of an acre of ground has theoretical deed to 52,363,000,000 tons of earth according to a Rand McNally report. Estimate is based on a pyramidal projection of an acre of ground which is extended so that its apex is at the earth's core.

Outfit in Richmond, Calif., wants members of its Russian equivalent to come to this country and plumb to the depths the way of American life. It's the local plumber's union.

Youth today is so impatient. Young woman in Houston bopped hubby on the head with a hammer on morning of their second wedding anniversary. Grandma waited until the ninth, or pottery, anniversary to bust the old man's crock.

LIKE FATHER, LIKE SON

Fearful Father — "My boy, the next time you have an urge to kiss the new maid, I'd suggest that you use a more secluded spot." Freshman Fred — "Oh, the hall was dark enough, dad. Besides she thought it was you."

This Chevrolet keeps a secret...beautifully!

The "One-Fifty" 2-door sedan—one of 4 models in Chevrolet's smart and sprightly "One-Fifty" series.

It's one of Chevrolet's New "ONE-FIFTY" series . . . the lowest priced of all the new Chevrolets.

You'd never know it to look at all that chrome treatment or to feel that new power ranging up to 205 H.P.

Come in soon and let us tell you its big secret—its low price tag!

IMPERIAL CHEVROLET COMPANY

Tantalize Christmas Appetites With Tidbits

Christmas canapés are taste-tantalizers you'll want to serve to guests all during the holiday season.

WHEN friends gather about your Christmas tree, it's nice to pass a tray of pleasant-to-eat tidbits. All in the Christmas spirit of welcome and good will.

Here are three suggestions, each of them delicious but not fussy.

Blue Cheese-Clam Dip (1½ cups)

One cup sour cream, ¼ cup crumbled American blue cheese (about 3 ounces), ¼ cup canned, minced clams; 1 tablespoon chopped chives, ½ teaspoon Worcestershire sauce, ½ teaspoon salt.

Combine cream and cheese; blend. Add remaining ingredients and mix well. Serve as dip for crackers or potato chips, as desired.

Pickle Star Canapés (about 40)

One 6-ounce package hickory-smoked cheese spread, ½ cup sweet pickle relish, drained; 30

slices bologna, ¼-inch thick (about ½ pound), sliced, sweet pickles.

Combine cheese and pickle relish; blend well. Spread 20 slices bologna with pickle mixture. But bologna slices together to form 10 stacks. Top with remain 10 slices bologna. Cut with small star-shaped cutter. Top with sliced pickles.

Note: Chop remaining bologna mixture for sandwich spread, if desired.

Holiday Olive Canapés (about 14)

One 6-ounce package chive cream cheese, softened, ¼ cup chopped pimento-stuffed green olives, 2 tablespoons prepared horseradish, 7 slices bread, 2 tablespoons softened butter or margarine.

Combine cheese, olives and horseradish. Blend. Trim crusts from bread; spread with butter or margarine. Cut bread as desired. Spread with cheese mixture. Garnish as desired.

THAT'S THE WORST KIND

A recruit was asked if he had ever been troubled with athlete's foot. He replied, "Yes, once when a halfback caught me kissing his best girl."

An apple, its meat red to the core, has been developed by a Japanese horticulturalist.

Are All Cold Remedies Alike?

No! For example, 666 is the wide-activity medicine, which combines 4 of the most effective, widely-prescribed drugs known, to relieve all cold miseries sooner. 666 is more potent and gives positive, dramatic, rapid relief from miseries of all kinds of colds. That's why 666 is unsurpassed in effectiveness. Try it.

No other cold remedy can match 666 liquid or 666 Cold Tablets.

666

Canyon Girl Is One of 15 Most Beautiful at McMurry College

Ella Hill, daughter of the Rev. and Mrs. Lester L. Hill of Canyon, has been nominated as one of the 15 most beautiful girls at McMurry College by her classmates.

A beauty contest was held at the college Nov. 29 in which Ella and the other 14 candidates were interviewed by a judging panel of seven Abilene men.

The girls were judged on such qualities as beauty, charm, graciousness, poise and personality. From the group of 15 McMurry belles, the judges picked the eight most beautiful, who will be featured with full-page pictures in the 1956 Totem, McMurry yearbook.

Identity of the eight most beautiful girls at McMurry will remain

L. H. Brotherton Is P-TA Guest

Lawrence Brotherton, principal of Canyon Junior High School, was guest speaker of the Happy P-TA Nov. 28 in the school cafeteria.

Those present, about 40 persons, were divided into five discussion groups to talk over the topic of "The Family Sustains The School." Mr. Brotherton then summarized the discussion reports. After a brief business session, convention delegates, Mrs. Crews Henry, Mrs. D. F. Bowe and Mrs. J. L. Driskill, gave reports.

Following the invocation by Rev. J. R. Wood, musical entertainment was provided by four students of Louis Peppin. The students are Mary Francy, Nancy Womack, Lenora Wilkes and Dick Foster.

The tenth grade was awarded the room prize. Refreshments of orange-date cake, whipped cream and coffee were served.

a secret until publication of the yearbook next spring. The seven runners-up will also be pictured in the beauty section.

The seven judges were Marshall Duke, student president at Hardin-Simmons University; Leonious Fry, Abilene Christian College athlete; Joe Bill Fox, McMurry College athlete; Wally Akin, theater and restaurant owner; Harvey Bourland, commercial decorator; Jim Ridgeway, radio and television disc jockey; and Dr. Sterling Price, Baptist pastor.

The 15 McMurry beauty candidates are Miss Hill, Rita Watkins, Monahans; Patsy Mills, Abilene; Helen Fry and Margaret Sealey, Sweetwater; Elna Ruth Peterson, Dallas; Velda Baldrige, Morton; Pat Bennett, Jan Osburn and Natalie Morris, Abilene; Biddy Bartlett, Lubbock; Julie Massey, Munday; Yvonne Caldwell, Baird; Jo Ann Killingsworth, Roby; and Jo Nell Lamb, Slaton.

Miss Hill, a senior student, is major in elementary education with a minor in English. She has been a member of the McMurry band, secretary of President Hall, and Sophomore favorite. She holds membership in Delta Beta girls' social club, and in November she was chosen McMurry Reservation Princess for 1955.

Texas Beef Council Announces Contest

The second annual "Texas Experts Recipe Contest," sponsored by the Texas Beef Council for graduate, professional home economists and dietitians in Texas, began Dec. 1. Leo J. Welder, president of the statewide beef promotion organization, announced.

Contestants are required to submit original, taste-tested Texas favorites using the less-expensive cuts of beef. The grand prize is a trip for two to New Orleans, "the food capital of the world," Welder stated. The contest will extend through January 31.

The "best beef recipe in Texas" will be selected by a prominent array of food experts representing every segment of the food industry. Members of the state's top professional food organizations will serve as judges; and the winner will be announced at the annual convention of the Texas Home Economics Association in Galveston, February 17, 1956.

The professional organizations involved in the special event include the Texas Home Economics Association, Texas Dietetic Association, Texas State Nutrition Council, Texas Restaurant Association and the Texas food press.

The Texas Beef Council is a non-profit educational organization composed of all segments of the Texas cattle industry, formed to encourage Texans to eat more beef.

Fellow across the desk from us says that his wife thinks a "by-line" on one of his stories means both a raise and the green light to go out and buy everything she sees in the stores.

Now that Halloween is past, the trick's to treat the kids so that they'll recover from the effects of those pounds and pounds of stale candy.

Ventilate Your Poultry Houses

COLLEGE STATION—The wide fluctuation of temperature during the winter months must be met with corresponding adjustments to provide correct ventilation in the poultry house.

These needed adjustments, says Ben Wormeli, extension poultry husbandman, can be made rapidly and with little expense in properly ventilated houses.

He says some poultrymen close up at least three sides of the poultry house tightly by nailing building paper or sisal-kraft paper over all the open areas. This practice cuts off all chances for needed cross ventilation on warm days and darkens the house excessively.

He recommends the use of panels made of a glass substitute such as cello glass on all four sides of the house to enclose the top three or four feet of wall space. These panels should be hinged at the top so they can be raised on the mild days and closed during bad weather.

He points out that it is necessary to control drafts during cold weather but at the same time, some ventilation is needed to keep down moisture accumulation which causes wet litter.

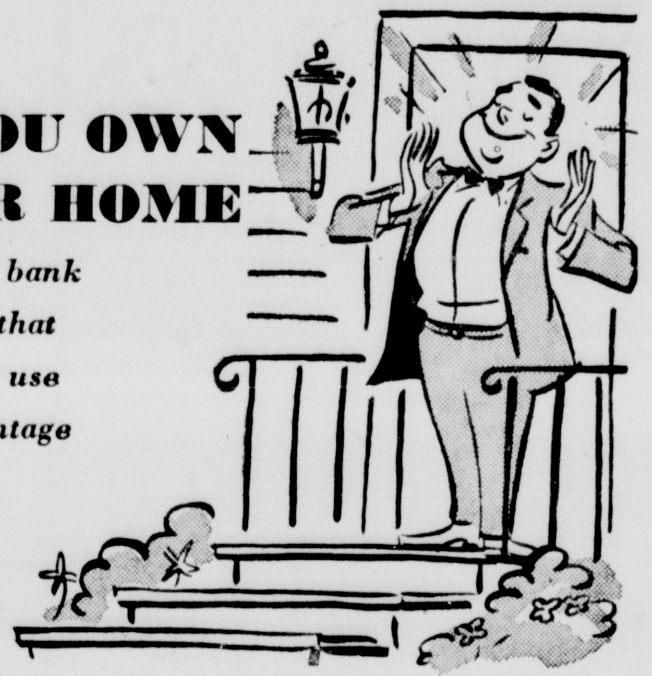

Wet litter is especially undesirable in the laying house for it means dirt will be tracked into the nests and up will come an increase in the number of soiled eggs.

In view of the large investment in an economically sized poultry flock, Wormeli says the loss from decreased growth and production due to improper winter time ventilation can be heavy and justifies making sure the house is properly ventilated.

Of course, he adds, the best time to provide the needed equipment for proper ventilation is when the house is constructed but the expense for glass substitute panels on older houses will soon be paid for by the increased production from a flock of comfortable hens.

Gas Mileage goes up AGAIN

And so does the thrill — with Buick's new Variable Pitch Dynaflow!

WITH ALL the big excitement of Buick's 1956 styling and power and ride and handling—it's easy to overlook this fact:

Gas mileage in the '56 Buicks takes a big step upward.

One reason, of course, is the new power plant itself.

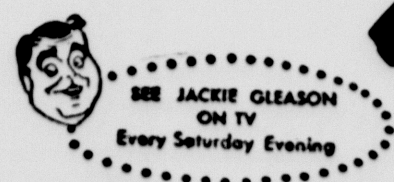

Every new Buick cradles an advanced 322-cubic-inch V8 engine with the highest horsepower, Series for Series, in all Buick history. Yet every engine delivers more efficiency, and more usable power to the rear wheels—because each one has a new double "Y" manifold, and a new high in compression ratio.

But the major reason for the happy news in gas mileage —and for the new step-up in safety and thrills—is Buick's latest version of Variable Pitch Dynaflow.

In this airplane-principled transmission, you always had a gas-saving cruising range—and, at a switch of the pitch, a full-power getaway range.

Now Buick engineers have brought to this cruising range what they call "double regeneration." It simply means a new way to make flowing oil add to its own velocity to build up driving force.

Get 4-Season Comfort in your new Buick with FRIGIDAIRE CONDITIONING —now at a new low price

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

ENNIS BRACKEEN BUICK COMPANY
104 23rd Street
Canyon, Texas

It's the '56 Buick—

Best Buick yet

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

So now, you merely nudge the pedal to part throttle and get new breakaway getaway. And since you get this quicker, safer response in your normal cruising range —where you don't use full power—you get plenty more miles from every tankful of gas.

But when you do need sudden safety-surge for emergencies, you just floor the pedal to switch the pitch. Instantly, you're at full-power acceleration—and it's the most thrilling safety measure in the land.

How about coming in to try the most modern transmission yet?

The absolute smoothness of this new Dynaflow is worth a visit in itself. So you can be sure you're in for a wealth of wonderful surprises—for that's just the start of the best Buick yet. Can you make it this week?

Dr. Bright's Music To Be Performed

Two band compositions by Dr. Houston Bright, associate professor of music at West Texas State College, will be performed Dec. 19 in concert at a meeting of the Southwestern Division of the College Band Directors' National Association.

His "March du Concert" and "Sketches from the West," both completed within the past two years, will be played before the group which will meet at Oklahoma A&M College. Dr. Bright expects to attend the meeting.

One of Dr. Bright's recent a cappella choir compositions, "I Hear A Voice A-Praying," will be sung in the eighth annual winter concert of the Charles Pope Choristers at the Brooklyn Academy of Music on Dec. 16.

The same selection was recently sung by the University of Wichita A Cappella Choir in a joint concert with the university symphony orchestra.

Recently arriving in Canyon, Jack Clements is now working for Bill Patke who lives south of town.

News In Canyon 25 Years Ago

(Taken from the files of The Canyon News of Dec. 4, 1930.)

Nineteen members of the volunteer fire department were awarded Yellowstone wool blankets for attending at least 50 per cent of all fires and 50 per cent of all drills.

Mrs. L. F. Sheffy entertained friends at a series of four parties during the week.

On the honor roll for the second six weeks at Canyon High School were Maudeana Bishop, Alton Brasual, Velam Crawford, Alton Donnell, Dixie Foster, Verline Furlow, Armon Lee Greenfield, Oressa Hastings, Ellen Hicks, Anne Johnson, Nan Johnson, Martha Ann Kiersey, Nadine Lair, Roy Miller, D. B. Pearson, Allo Sparkman and Bettye Sternberg.

West Texas State College received a request for a catalogue from the High Pedagogical Institute of Moscow.

Grandson Dies In Amarillo

Roy Tom Pendergraft, grandson of Mrs. T. T. Fain of Canyon, died Sunday evening at his parents' home in Amarillo. Funeral services were conducted yesterday morning.

The youngster, 5, son of Mr. and Mrs. Penny Pendergraft, is also survived by a sister, Fain Pendergraft; a brother, Paul David; and another grandmother, Mrs. Gertrude Pendergraft, Amarillo.

Two Canyon Students Honored at WT Beauty Pageant Saturday Night

Honored at the presentation of the "Most Beautiful" girl and "Most Handsome" man at West Texas State Saturday night were Frances Cunningham and Buddy Knox.

Six couples elected by the student body were presented at the annual formal "Beauty Dance" sponsored by Le Mirage, WT yearbook, and the nominees will appear in the 1956 Le Mirage feature section.

College Choir Will Begin Tour Monday

A three-day tour opening Monday will take the West Texas State College A Cappella Choir to eight Panhandle and South Plains cities to sing before high school audiences.

The programs are presented annually by the choir on its pre-Christmas concert tour. The group, directed by Dr. Houston Bright, associate professor of music, has appearances slated Monday in Tulsa, Dimmitt and Friona; Tuesday in Morton, Abernathy, and Oltan; and Wednesday in Littlefield and Levelland.

West Texas State's A Cappella Choir was organized 14 years ago by Dr. Bright, and has become one of the really brilliant concert organizations of this region. Each year it makes winter and spring tours through the Tri-State region for eight or ten days, performing in 20 to 25 high schools.

Extensive local concerts, television shows, performances with the Amarillo Symphony, recording sessions, and assistance with annual productions of the WT Opera Workshop and Oratorio Singers make the choir one of the busiest concert groups in the Southwest.

Dr. Bright, director of choral organizations on the campus, received his Ph.D. in music at the University of Southern California. Many of his a cappella compositions and arrangements, which make the WT choir's repertoire fresh and unusual, are published by a number of national music publishing houses.

Singing with the choir on all programs will be a men's specialty group, the Hi-Fi Quartet.

Mr. and Mrs. Wallace Huff of Amarillo were hosts Sunday to her parents and brother, Mr. and Mrs. F. V. Brasher and Jimmy.

Mrs. Rae Walters, Mrs. Marvel Kirby and Mrs. Ruth Hill attended the antique show in the Amarillo YWCA building Sunday afternoon.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

According to Joe Batson, Soil Conservation Service technician assisting the Randall-Potter Soil Conservation District, the best and surest way to keep your land from blowing is to leave the stubble from the previous crop on or near the surface of the land.

This system of farming will aid in water penetration, add organic matter and keep the land from blowing. On hardland soils, 500 pounds of residue per acre and an average of 44 per cent of nonerodible clods will have little or no soil removal by the wind. A nonerodible clod is about the size of an alfalfa seed.

The supervisors of this district wish to point out that too much grazing on grain sorghum fields will cause these fields to blow. On some fields the stubble should not be grazed at all.

At this time it would be better to take your cattle off these fields as it is almost impossible to replace any top soil that is lost by wind erosion. The supervisors believe that the soil is one of our most important resources and should be preserved for our descendants.

In experiments held in Kansas in 1954, fields most subject to wind erosion were generally those that lacked a vegetable cover. Emergency tillage was used effectively after wind erosion had started.

Chiseling on hardlands was especially effective, provided the chisels dug in deeply and were not spaced over two feet apart. Listing was the most effective tillage method used.

Robert O'Donald Finishes Course

Second Lt. Robert F. O'Donald, son of Mr. and Mrs. E. E. O'Donald, of Canyon graduated on Dec. 3 from the Army Aviation Tactics course at Fort Rucker, Ala., and was awarded the wings of an Army aviator.

Lt. O'Donald will be assigned to one of the seven branches of the Army using organic aviation.

Studer To Speak To Garden Club

The Canyon Garden Club will meet Thursday evening at 7:30 in the film room of the West Texas State College Library. Floyd Studer, well known in Amarillo Garden Club work and a member of the American Rose Society, will speak on "Rose Selecting and Winter Care of Roses."

The public is cordially invited to attend this meeting.

Episcopal Members Eat Canvass Dinner

The All Saints Episcopal Church had a canvass dinner at the Little House of Fellowship Sunday evening.

Following the dinner the wardens, E. W. Glenn, presented the budget for the coming year. Pledges were made the budget was accepted.

Rev. and Mrs. Lester Jones were present.

Social Pioneers To Exchange Gifts

The Social Pioneers' Christmas party has been changed to Dec. 14, at 2 p. m. in the home of Mrs. C. W. Dunn. Members will exchange presents. The gifts are not to exceed \$1.00 in cost. All members are urged to be present.

M. L. Johnson Is High Bowling Man

For the third consecutive week, Uhlmann Grain rates as first team in the Umbarger Bowling League. Uhlmann Grain also took the triple team match with a score of 2286 and the single high team match with a score of 831.

The individual high scores for the triple and single teams was bowled by M. L. Johnson. The league will not bowl for the next two weeks and then will resume matches.

Team ratings last match were:

	Won	Lost
Uhlmann Grain	8	1
Lindemann Bros.	7	2
P. O. Grocery	5	4
Raef Bros.	5	4
Farm Supply	3	6
Gulf Service	3	6
Umbarger Co-op	3	6
U-Drop-Inn	2	7

Commission Urges Hunter Interest

AUSTIN—Quail hunters have their chance this year to knock down the age-old contention that hunters are interested only in bag limits and shooting dates, Howard Dodge, executive secretary of the Game and Fish Commission, said.

"Now is the time for the quail hunters to prove their genuine interest in habitat and general restoration phases," said the executive secretary. "Frankly, the individual hunter's attitude could go a long way toward stimulating the overall habitat program."

"Any such cooperative indication at this time certainly is pertinent because conservation forces are working hard and are working together to restore quail habitat since that concededly is the primary means of solving the problem."

"So, if the hunters will show some curiosity in what the land owner has in mind about quail food and cover, he could be gratified as well as surprised, because ordinarily all he hears is: 'Where are they at?'"

Drouth Makes Many Late Fawns

AUSTIN—Late fawns observed in unusually large numbers this fall by deer hunters are just another manifestation of the extreme drouth, reported E. A. Walker, director of Wildlife Restoration for the Game and Fish Commission.

He said some parent deer were too weak from lack of nourishment to mate during the regular season but many of them were bred later when moisture revived ranges.

Game Warden Russell Lancaster of Cotulla, said one doe had twins on Oct. 17, about five months late.

The director said the tragic displacement of the natural time table would mean a very low survival rate of the off-season fawns because of winter rigors.

Another common consequence of the drouth was inability of many buck deer to grow horns due to malnutrition.

Christian Church To Give Pageant

The First Christian Church will present a Christmas Pageant Sunday evening at 7:30.

The story of the birth of Christ will be told in music, scripture, readings and picturesque life scenes will highlight the program. Adult and children choirs will sing special music and choral numbers. Everyone is invited to attend the evening's program.

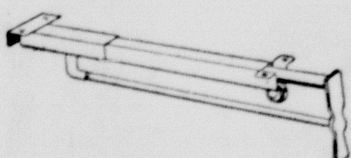

Wheee! no more CLUTTERED CLOSETS

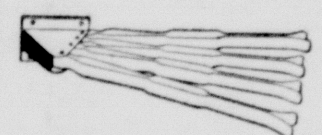

with space-stretching K-VENIENCES

State Capitol NEWS

By VERN SANFORD
Texas Press Association

Santa Claus is crowding even the politicians out of Texas news.

Texas retailers expect the largest Christmas trade in history. It will top off a year in which sales already are running ahead of 1954 by 11 per cent.

Two boom problems harass merchants, says the University of Texas Bureau of Business Research. One is whether they have adequate stocks to meet consumer demand. The other is recruiting extra sales forces.

For job seekers this spells bright opportunities. A record employment peak in December is forecast by the Texas Employment Commission.

Employment in Texas right now is at an all-time high. More than 2,790,800 workers are on the job. Retail stores this month will add 30,000 more employees, and post offices 13,000.

A word of warning for shoppers came from the Texas Safety Association. It urged pedestrians not to pile their arms so high with parcels that they can't see to cross streets safely.

Probation Needs Cited

Lack of a probation staff creates unnecessary hazards and expense to Texas citizens, says the State Board of Pardons and Paroles.

Many prisoners deserving parole are kept behind bars because the state does not have a staff to supervise them after release. And relief payments to families of such men are estimated at \$290,000.

But even without clemency, 95 per cent of those in prison will some day rejoin the outside world. To prevent their returning to crime, the board recommends a rehabilitation program in prison, also supervision and guidance for parolees.

Education Superboard Named

Fifteen Texans will begin their duties next month on the state's newest board, the Commission on Higher Education.

Created by the last legislature, the commission is to be a "superboard" of regents. It will set broad policy and present a single appropriation request for Texas' 22 institutions of higher learning.

Also it can consolidate or eliminate certain college programs and pass on legislative bills to create additional senior colleges.

Al Muldrow, Brownfield oilman and former secretary of state, was named temporary chairman by Gov. Allan Shivers. Others appointed were M. W. Durham Jr. of Amarillo; R. T. Waddell of Odessa; Killen B. Moore of Vernon; Fred L. Flynn of Harlingen; M. W. Glosserman of Lockhart; Dr. Harry M. Shyles of Sherman; and Dr. H. F. Connally Jr. of Waco.

Also Harris Melasky of Taylor; Hal H. Dewar of San Antonio; John W. Newton of Beaumont; Mrs. J. F. Boren of Abilene; Jack Cox of Corpus Christi; Millard Cope of Marshall; and John Redditt of Lufkin.

Dallas Loses, Others Benefit
Denton, Collin, Kaufman, and Navarro counties will get more than three million dollars in road building money, thanks to Dallas county voters who twice rejected a proposed car tax.

This left Dallas county officials

On Coldest Days—Work In COMFORT

NEW WINDSHIELD EXTENSIONS—optional at small extra cost.

ALL-WEATHER TOP EXTENSIONS—optional at small extra cost.

For winter tractor work—keep warm with the genuine **COMFORT COVER**—the tractor heater that more farmers use than any other. **COMFORT COVER** gives you features you want—smooth streamlined fit, converts to low cost heated cab. Ask your dealer or write manufacturer.

Here's What COMFORT Owners Say:
LaVerne Junker, Wenona, Illinois
"I got my **COMFORT COVER** in 1946. When the temperature was 32° and snow falling, I tested it and it was 72° at the steering wheel. Every tractor owner should try one to see how much comfort it gives. It's easy to put on and doesn't interfere with attachments. I sure would replace it if anything ever happened to it."

MYERS FARM EQUIPMENT CO.

SOMEDAY YOU MAY "SUNBURN" THE MEAL—Actress Eleanor Bender believes in making hay while the sun shines—she profits from a newly developed aluminum solar cooker which will do this roast to a turn while she's sunbathing in Hollywood, Calif. Sheets on top focus sun's rays on a heat-collecting panel which raises oven temperature sufficiently to roast meat or bake a cake. Hundreds of scientists recently attended symposiums at Phoenix and Tucson, Ariz., to discuss harnessing of the sun's energy to perform mankind's chores. Scientists caution that solar energy harnessed for power-producing purposes will only supplement, not replace, more conventional power sources.

at a loss as to how to provide money to buy right-of-way for roads. Right-of-way already had been secured by the other four counties. So Highway Commission Chairman E. H. Thornton Jr. allocated \$3,208,000 to the other counties.

Gas Rate Test Scheduled
Whether Texans will have to pay more to heat their homes may be decided in a case to be heard by the State Supreme Court on Jan. 25.

Principals in the suit are the Railroad Commission and the City of Alvin, on one side; and the Houston Natural Gas Company, on the other.

Point of disagreement is whether the original cost or the present replacement cost of company property should serve as a basis in setting rates.

If the gas company is successful in establishing a rate formula based on today's inflated property values, the door apparently will be opened for increases in many Texas cities.

Home Is Where Husband Is
A man in military service can require his wife to move to the various points where he may be assigned.

So held the Supreme Court of Texas in upholding a divorce granted by an El Paso district court to Louis R. Bustos. His wife insisted on remaining in her Maryland home

and refused to go with him from one military station to another.

Another Supreme Court ruling of interest awarded a Coryell County garage owner \$1,000 found in a fruit jar by a workman digging up the foundation.

Money "misplaced" — rather than "lost" — should go to the landowner, said the court — thus upsetting the old "finders-keepers" rule.

Announces for Judgeship
District Judge Jesse Owens of Vernon has announced he will seek the post held by Judge W. A. Morrison of the Court of Criminal Appeals.

Owens ran for a place in the same court in 1954. Morrison, serving his first term, is senior and presiding judge of the three-member court.

Short Shorts
Chances of a special session of the Texas legislature in 1956 are slim. Legislative chambers will undergo a \$500,000 air conditioning job between now and Jan. 1, 1957.

Now in the Texas House of Representatives is a portrait of the late James Harvey Robertson. He authored the law which opened the door to Texas' present \$5,000,000 insurance industry. Gov. Allan Shivers appointed Sen. Searcy Bracewell of Houston and Rep. W. S. Heatly of Paducah as Texas representatives on the South-

Plan Trapping 350 Antelope

AUSTIN—Approximately 350 head of far west Texas antelope not harvested during the recent open season are being trapped for restocking purposes, said W. S. Jennings, assistant director of Wildlife Restoration for the Game and Fish Commission.

Less than 1,000 permits for antelope hunting were taken up and overpopulation had become so acute in some restricted areas that herd reduction had to be placed on an emergency basis.

Jennings said the surplus antelope, comprising both bucks and does, are being released on ranches whose owners made formal application for the fleet game ani-

mals, and whose lands fulfilled the requirements governing such releases.

He explained that antelope require vast areas of habitat in which to roam and that a minimum of 10,000 acres of open country is a basic requirement to receive the two-toned colored game for restocking.

The assistant director said such tracts are available generally in the western portions of the state beyond Fort Worth and the Hill Country.

Crews catch the antelope by driving the herds into large net traps by use of an airplane. They are loaded on trucks and taken to the release areas. Unlike deer that are trapped, antelope are not dehorned for transport.

Jennings said the bulk of the animals for restocking will come from west of the Pecos but added that a few head may be trapped in the Panhandle where the herds have increased rapidly in recent years.

Paper read recently before the American Rocket Society at Chicago, Ill., proposed that an inhabited earth satellite be built. Its framework would consist of final-stage sections of rockets shot previously to an orbital position in the sky.

Amarillo Firms Get Sewer Job

A contract for 129 miles of storm sewers for the Canyon-Amarillo expressway was awarded to two Amarillo firms, it was announced in Austin this week by the state Highway Commission.

Gilvin-Terrill, Inc., and Road Builders, Inc., submitted the low bid of \$858,213.25 on the project. Construction of the storm sewer from 16th and Fillmore to 34th and Fillmore and from 34th and Tyler to a point of discharge 8 miles southeast of Amarillo is expected to take 250 working days.

Secretary Humphrey hails victory over inflation.

NOT YET
He — Have you heard the latest joke about a bed?
She — No, what is it?
He — It hasn't been made up yet.

The car says "GO" and the price won't stop you!

That long and lovely creation shown in action above—glamorous with smartly distinctive car-of-the-future styling and packed with all the terrific "go" suggested by its fleet and flowing lines—is actually a member of Pontiac's lowest-priced series, the value-setting 360 line. And here's what this information means to you!

Whatever your new-car plans for '56, even if you're shopping at the bottom of the price scale—this big and beautiful mile-shrinker can be yours! You can now look forward to luxuriating in the gracious comfort and solid roadability made possible by a man-sized 122" wheelbase—just about as long as they come!

You can now expect to enjoy blazing Strato-

Streak performance from the most modern and efficient V-8 engine that ever powered a car.

You can plan on it, definitely, because there's not a thing to stop you—as the figure on the price tag plainly shows.

For instance, your favorite body style in the 360 series carries a price within a whisper of the cost of the smaller, lighter-powered lowest-priced cars! And that's just the start.

We're trading right now to set an all-time record for December. And so when you've heard our deal you may very well discover that there's virtually no difference in price at all!

Come in and confirm that the 360 is the easiest car to want and to buy that ever came your way.

IT'S A FACT—YOU CAN HAVE ALL OF PONTIAC'S BIG-CAR GLAMOUR AND GO FOR LESS THAN THE PRICE OF 44 MODELS OF THE "LOW-PRICED THREE."

Neil James was taken out of the hospital Thursday to the home of his aunt and uncle, Mr. and Mrs. T. J. Myers.

Mr. and Mrs. J. W. Wesley were in Canyon on business Monday and Lavena Amerson and Mr. and Mrs. G. E. Wesley were in Amarillo Tuesday on business.

Mrs. E. W. Schaeffer, Mrs. Raftord Shipman and children, Emiel, Ross and Pam, were visiting their husband and son-in-law in Neblett Hospital Monday.

Mrs. Alvin Wesley and son, Charles, visited Mrs. Wesley's great-grandson, Neil James, in Neblett Hospital Wednesday.

Playing "88" in the G. E. Wesley home Monday evening were Mr. and Mrs. J. D. Prossor and two friends from Amarillo.

Mrs. Charles Sutton is still crippled as the result of a badly sprained ankle.

Those shopping in Amarillo Wednesday were Mrs. Allie McNeal and daughter, Mrs. Sternberg, Mrs. J. W. Wesley, Mrs. Woodrow Wesley and Mrs. Gordon Foster.

Mrs. Georgia Rogers entertained her grandchildren Wednesday while their mother shopped in Amarillo.

Mrs. Ella Hext received painful burns on both hands from an overheated perculator.

The basketball game in Claude Tuesday night was attended by Mr. and Mrs. John Patterson.

Rev. Wiley, a ministerial student at Wavland College, preached Sunday in the absence of our pastor. He and his wife visited Sunday in the H. H. Shipman home.

Those visiting in the G. E. Wesley home Thursday evening were Mr. and Mrs. Richard Evans, Mr. and Mrs. Frank Rogers, Mr. and Mrs. J. W. Wesley and H. H. Shipman and Gene.

Mrs. M. F. Evans was taken to Swisher County Hospital Thursday.

Mrs. J. W. Wesley and Mrs. G. E. Wesley visited Friday with their mother, Mrs. M. F. Evans.

Monday morning we had about three inches of snow on the ground.

H. H. Shipman was at Bovina Sunday.

Gene Shipman helped Bowie Wesley move some cattle Saturday.

Brother John Stout preached for us Sunday. Brother Earl Landtroop has accepted the pastorate of Calvary Baptist Church at Clovis and plans to move soon.

Mr. and Mrs. G. E. Wesley and Lavena Amerson visited with Miss Amerson's sister and brother-in-law near Tulla Sunday afternoon.

Brother and Mrs. Stout and Linda visited Sunday in the J. W. Wesley home.

Woodrow Wesley and Gordon Foster attended the stock sale in Amarillo Monday.

Mrs. E. M. Wilson has been in Muleshoe the past week helping

McDonald Stars For Texas A&I

Don McDonald, son of Mr. and Mrs. Bryan McDonald of Canyon, starred in the first two basketball games of the season at Texas A&I, where he is a transfer from San Angelo Junior College.

The A&I Javelinas beat Pan American University 93-61 in the first win and Texas Lutheran College 85-59 in the second.

In the Pan American game, McDonald made six field goals and five free throws for 17 points. In the Lutheran game, he sunk nine field goals and two free throws for 20 points.

In both games, he lead scoring.

Plan Annual 4-H Christmas Party

The annual Christmas program and party for Randall County 4-H club members is set for Friday night at the American Legion Hall in Canyon.

Activities will start at 7:30 p. m. Club members, both girls and boys, parents of club members, and guests from all parts of the county make this one of the year's largest gatherings for rural people.

The game activities will be led by 4-H club members trained for recreation leadership in a special training session recently completed in Canyon. About 50 club members are capable of planning and leading a group in recreational activities.

At the Friday night meeting outstanding work done by Randall County's club members will be recognized.

County medals awarded in more than 20 fields of club work will be presented to boys and girls carrying agricultural and home-making demonstrations.

4-H Club work in Randall County is under the direction of Mona K. Hildreth and John Brazzil, Extension Service Agents. They are ably assisted by local voluntary adult leaders.

Ervin care for Gienda and Eddie and her daughter-in-law who has been in the hospital.

Fellow who runs the lunch counter around the corner from the office could make a mint if he'd bottle his coffee and offer it for sale to folks who can't drink coffee.

Executrix of the Estate of
Minerva Jane Stephenson,
Deceased.

Report Success in Panhandle's S-D Day

S-D Day was successful on Panhandle highways.

Capt. J. W. Blackwell, commanding officer of the Amarillo Highway Patrol district, said that there were a total of three accidents and only one injury in the district on Dec. 1.

Capt. Blackwell expressed his appreciation for the cooperation of motorists and pedestrians using

the rural highways in the Panhandle in effecting the reduction of approximately one-third the daily average number of accidents.

The single injury is half the daily average for the district.

The 19 highway patrolmen working in the area made a total of 30 arrests and issued 45 warnings to motorists on S-D Day, the captain said.

Brazil will buy \$41,000,000 worth of wheat and other surplus commodities from the United States.

Discusses Family Wayside HD Club

The Wayside Home Demonstration Club met with Mrs. Bill Allen Dec. 1 at 2:30 p. m. The president called the meeting to order and Mrs. E. J. Mahler offered the prayer.

The secretary read the minutes of the last meeting and called the roll. Mrs. Floyd Adams gave a report on the club council she recently attended.

Barbara Fain, H. D. agent, gave

a demonstration and discussion on Family Teamwork and Cooperation. Topics for the new yearbook were discussed.

Refreshments were served to Mrs. Leroy Roberts, Mrs. Adams, Mrs. Henry Hamblen, Mrs. Wiatt Heisler, Mrs. Mahler, Mrs. Paul Wetzel, Mrs. Aaron Cummins, Mrs. Dewitt McGehee, Mrs. Levina Doan, Miss Fain and several small children.

The next meeting will be the annual Christmas Party at 2:30 p. m. Dec. 15 with Mrs. Roberts,

the club president.

Martha Quillen ROTC Sweetheart

Martha Quillen, daughter of Mr. and Mrs. Lorenzo Wirt of Canyon, was chosen sweetheart of Squadron B, Air Force ROTC, at Texas Tech. A freshman business major, Miss Quillen is pledging Pi Beta Phi.

She was nominated for the honor by Prentiss Peak of Lubbock.

Buy, Build, Live in Canyon!

*"We Planned for
MODERN ELECTRIC
Living!"*

says MRS. JOHN C. CORNELL

2720 WALLACE STREET CLOVIS, N. M.

When you plan for modern electric living, as the Cornells did, you plan for pleasant, gracious, comfortable living.

"My husband's experience in the home building business helped us in planning enough outlets and wiring circuits to enjoy all of our electric appliances."

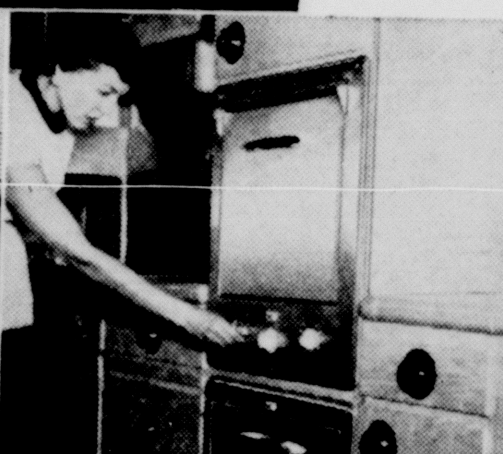

You, too, can call on the experience of your

builder and qualified electrical contractor for electric wiring that will meet your present day needs — and those of the future. Good home wiring — the lifeline of pleasant electric living — never costs less than it does when you are building a new home.

Plan for modern electric living, as the Cornells did, and you plan for living at its best.

Mrs. Cornell's all-electric kitchen features built-in electric range and refrigerator units. "We chose built-ins because of the convenience and space saving features which they offer."

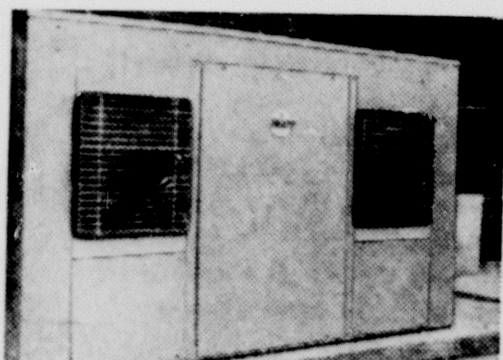

"Automatic and exact", that's the kind of heat Mrs. Cornell gets from her electric range. And that's the kind you'll get from an electric range, whether your choice is for built-in units or a conventional range.

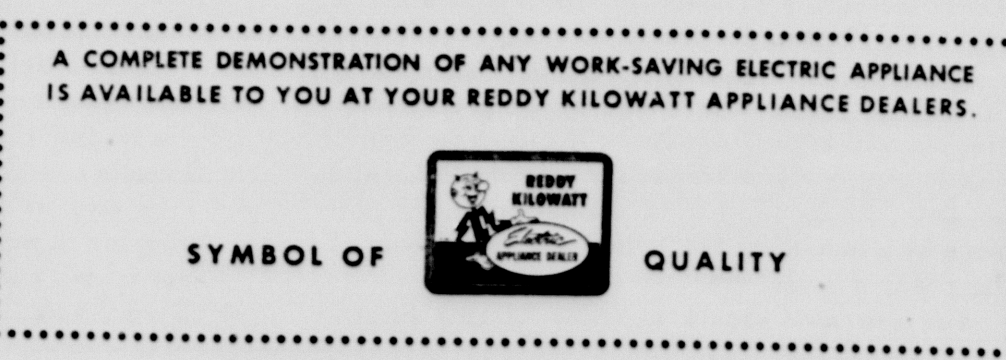

"Plenty of freezer space was one of our goals in planning our new home. This built-in freezer-refrigerator takes very little space, and gives Mrs. Cornell plenty of right-at-hand food storage capacity."

"Our electric washer-dryer combination is wonderful because I can do my laundry at any time — day or night — with such little effort". Here's the real beauty of electric living, you can do the work when you want to, and, because it is done electrically, there's less work to do.

Heating and cooling are wonderful jobs to give electric service, too. Clean, safe, modern — and, most important of all, healthful, because accurate temperature control is always yours electrically.

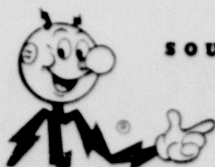

A COMPLETE DEMONSTRATION OF ANY WORK-SAVING ELECTRIC APPLIANCE IS AVAILABLE TO YOU AT YOUR REDDY KILOWATT APPLIANCE DEALERS.

SYMBOL OF

QUALITY

**SOUTHWESTERN
PUBLIC SERVICE**

COMPANY

And here's Mrs. Cornell's utility room freezer, the one that makes her plan for "plenty of freezer space" complete. Plan for complete living, plan for electric living.

Vows Solemnized

MR. AND MRS. JAMES W. CABBELL

Recent Chapel Services Performed For Jo Helen White, James Cabbell

The Joseph A. Hill Chapel was the scene for the recent marriage of Jo Helen White, daughter of Mr. and Mrs. Obie White of Quail, and James W. Cabbell, son of Mrs. Clara Cabbell of Borger. Bob Wear of the Church of Christ read the double-ring ceremony.

Mrs. Katherine Hunt of Portales, N. M., played a nuptial prelude on the organ and accompanied Mrs. Cherie Koufman who sang "Bless This House" and "Wither Thou Goest."

Altar decorations included arrangements of white gladioli candelabra and wedding bells tied with satin streamers.

Geneva White was maid-of-honor for her sister. She wore an ice blue dress of crystalline, styled with a fitted bodice which came to a point. Her headband was of velveteen leaves, and she carried a bouquet of feathered pink carnations. Candlelighter was Jan Cabbell who wore a pink dress of crystalline.

Best man was Dale Farris of Dumas. Ushers were Howard Lee of Pampa and Richard Hall.

Given in marriage by her father, the bride was attired in a white brocade suit of faille trimmed in satin. She wore white satin accessories, and she carried a white

Wayside News

The Rev. Merle Weathers filled his regular appointment Sunday morning.

Mrs. Melton McGehee has just returned from San Antonio where she attended the Texas Home Demonstration Board meeting.

Mrs. Bessie Lane visited last Sunday in Pampa in the George Hancock home.

Mr. and Mrs. J. J. Lane and Joy visited friends in Gruver last Sunday.

Mrs. Charles Kennedy and Mrs. Grady Kennedy of Canyon were Christmas shoppers in Amarillo last Wednesday.

W. R. Franklin was a caller in Tulia, Happy and Canyon last Wednesday.

Mrs. Viola Stockett was a business caller in Claude the first of the week.

Arnold Helms of Claude was a Wayside caller Thursday.

Mr. and Mrs. Arnold Helms and Mr. and Mrs. Nola Mac Stockett of Claude were visitors in the John McGehee home Friday.

Barbara Fain and Mrs. Leroy Roberts were guests of Mrs. Floyd Adams last Thursday.

Six Honored (?) As 'Ugly Men'

Annual "Ugly Man" contest and dance, sponsored by Alpha Sigma Xi fraternity, will be held tonight at West Texas State College.

Nomination of six men for the title was made in assembly and final election by the student body will be held today. The winner will be presented during the dance, slated at 7:30 p. m. in the Student Union Building. Music will be by The Collegians, campus dance band.

Nominated for the dubious honor were Gale Plummer, McLean; Jack DeShazo, Muleshoe; Garland Robinson, Hereford; Bill Berry, Sherman; Gene Ledbetter, Amarillo; and Don Trew, Alameda.

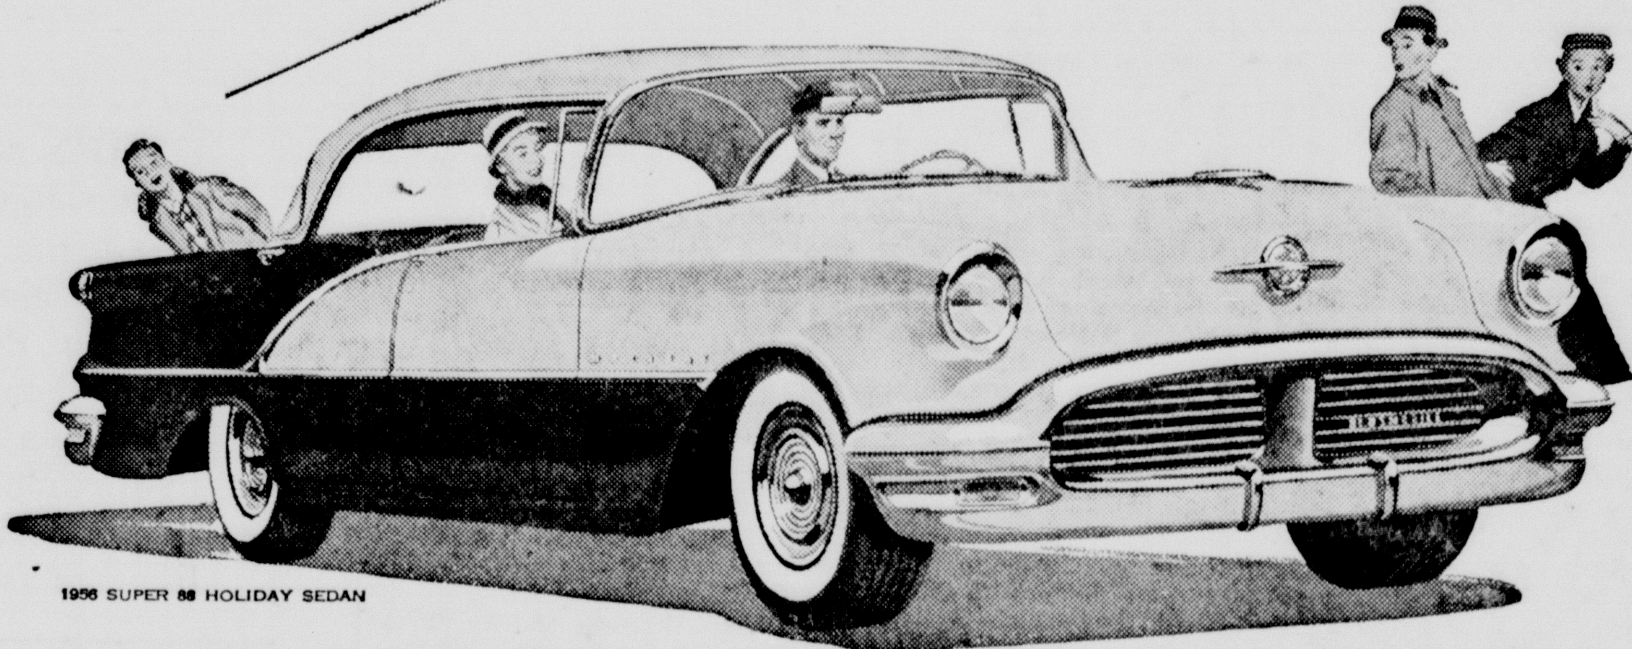

Phi, national honorary fraternity, and vice president of Pi Omega, social sorority.

Majoring in business administration, the bridegroom is in his sophomore year. He is a member of Tri Tau fraternity. He was graduated from Borger High School and served in the Air Force.

10 Killed in Hunt Accidents

AUSTIN—Ten new hunting fatalities, making a total of 23 for this fall season, have been reported to the Game and Fish Commission, according to Howard Dodgen, executive secretary.

Last year, 17 hunting deaths were recorded by the commission.

Of the 23 fatal accidents reported this fall, 16 involved youngsters mainly in the lower teen age group.

But some of the more spectacular cases were attributed to adults. A man mistook his wife for an animal while on a night hunt; a man shot his hunting companion when their canoe overturned as he reached to shoot a duck; a man dropped his rifle causing it to go off, striking him in the chest; a man reached into his car to pick up a gun, barrel first, when it was discharged, striking him in the head; a man fatally shot himself when he fell from the front of a car on a night hunt.

Among the new fatalities involving youngsters, a boy was killed when his gun exploded after a 16-gauge shell was placed into his 12-gauge; a boy shot his step-father in a duck blind; a boy shot a young companion when he shot over the top of his car at a deer just as the second youth stepped in line of fire; two 15 year olds were killed in separate accidents, one involving a turkey hunt and the other a rabbit hunt.

Time-worn errors tripped some of the wounded hunters. A man rested on the barrel of his loaded shotgun on his foot and lost part of the extremity when the weapon

was discharged.

A man shot off his right arm when his shotgun was discharged while he crawled under a fence.

A woman duck hunter hurt her hand and arm when she pulled a loaded shotgun toward herself, causing it to go off.

COUNTY RECORDS

Warranty Deeds

E. N. Higgins and Mary Jo Higgins to Dick Madison, lot 1, block 9, T-Anchor Unit 2, Amarillo.

W. Leo Cooper and Marie Cooper to P. Frank Hicks and Winnie D. Hicks, lot 10 and the west 20 feet of lot 9, block 57, Original town, Canyon.

Around the Town...

By DOVIE KEENE

The Far East is quite intriguing at least according to a letter we received recently from Mrs. T. V. Reeves who is taking a tour of that part of the world. Mrs. Reeves left in September to board the Cingalese Prince, a British ship, on which she is traveling to the Philippines, Japan, Hong Kong, China, Malaya, the United States of Indonesia (Java, Sumatra, Borneo), Indochina, Ceylon, Egypt, Viet Nam, Canada, Eastern United States and the Canal Zone. The letter we received was written on Thanksgiving Day as she was nearing Singapore, and the letter says:

"At Manila we had two full days, which as Miss Graham predicted, were sufficient to see what was to be seen. Later we came back to the Philippines and spent four more days on the island of Panay and Negros—on the last visited Silliman University which is something everybody who is interested in a free world should be watching; the second Philippine trip allowed a visit to the cities of Iloilo and Bais and Dumaguete, the first named being a backward city of 100,000; the second little more than a dock at a sugar plantation (we took on 4,000 long tons of raw sugar), and the third the home of Silliman, and known as the most progressive city in the island."

"Next we made a one-day call at Hong Kong, then on to Japan for a week. Here, at Tokyo, Frances Wilroy who used to be Home Demonstration Agent at Canyon, got in touch with me and we had a fine half day together, thanks to her."

"I saw and understood much that the ordinary tourist misses, including an exquisite Japanese show and dinner. Tokyo, Kobe, Yokohama, Kawasaki and Kamakura and the area around them we saw, including Fujiyama, which came out from its cloud cover at just the right time."

"Then back to the Philippines for the second visit mentioned above, through a stormy China Sea which put a good many people to bed."

"Then came our wonderful two weeks in Hong Kong. Thanks to a letter to the Presbyterian mis-

sionaries there, I again saw much and had what I saw interpreted by Lois Armentrout who has lived in the Orient for many years."

"I can't tell much about H. K. now, but you can imagine some of its problems of health, sanitation, housing, education and employment, when I tell you that its population has increased in five years from less than 1,000,000 to more than 2,500,000, the majority of whom are penniless refugees from China."

"How well the job is being done may be judged by the fact there has been no serious epidemic, and there are almost no flies; I take off my hat to our British cousins."

"Hong Kong is marvelously beautiful, combining as it does, sea and mountains and sub-tropical vegetation, beautiful homes and interesting architecture."

"A Chinese Anglican church I visited is the most perfect jewel-like structure I ever saw, and the great Anglican cathedral of St. John the Evangelist, placed well up on Victoria Mountain, is impressive in setting and service—I was there for the 'Day of Remembrance' service when officials of all the Far East, and as far west as U. S. and Canada, were present to honor the dead of World War I and II."

"Hong Kong was full of warships of various kinds. I counted 22 vessels carrying the U. S. flag."

"Since Hong Kong we have had two days in Saigon, Viet Nam, which is also considered one of the very hot spots in the Far East. Dirt, disorder, confusion and ruin are seen everywhere. Saigon is one of the great rubber ports of the world, and despite conditions the harbor was full of ships."

"Late tonight we will be in Singapore, sitting practically on the Equator. We will be there almost a week, so perhaps we can do our sightseeing slowly enough not to be prostrated by the heat, which I dread."

"Then we shall go to Penang, and Kuala Lumpur and India and Ceylon, and Egypt, and will just be in the Mediterranean for Christmas. We are a little later than our original schedule called for,

but will leave out a port or two and get into New York on time."

"It will be good to be home once more. I feel a little sorry for my friends, for I am afraid I will talk them to death unless I can develop great self control."

The Armenians in India, which Mrs. Reeves is scheduled to visit, celebrate Christmas in an interesting manner. One week before Christmas, the villages without exception fast eating no animal food. The last day they eat no food at all. During the last three days all shops are closed. The third day is Ladies Day on which they give and receive calls. On Christmas Eve, the people take communion and the children read the Book of Daniel. After the service all return immediately to their homes and eat a rice food. As soon as the meal is finished, the children go in groups to the housetops and hang handkerchiefs over the roofs and sing. The people then fill their handkerchiefs with treats.

On Christmas Day services are held from before dawn to 10:30 p. m. Many people faint from fasting. The churches are bowered with flowers as every nook is filled with them. A meal of fried fish, lettuce, and boiled spinach is eaten after the service.

The boiled spinach is eaten because it is believed that it was the food that Mary ate on the Eve of Christ's birth.

Santa with a big bag of goodies was over at the American Legion Hall Monday night treating the kiddies. Legionnaires, auxiliary

members and their families had a covered dish meal.

Mr. and Mrs. Bob Clark who manage the college Student Union snack bar are enjoying life in a new house over on 2407 10th Ave. Mrs. Clark was in The News office the other day and said she was quite thrilled with their cream and white brick home which has three bedrooms, two bathrooms, a large living room and kitchen.

"I guess I enjoy the kitchen most of all," Mrs. Clark said. The kitchen has been equipped with a new type of copper tile and white Republic steel. A built-in Tappan range adds a great deal to cooking convenience.

She is starting a planter box, and the carpeting for the living room arrived the day before Thanksgiving.

Yesterday was "Homemaker of Tomorrow Day." The senior high school girls participated in the day's activities by taking a home-makers aptitude test which is sponsored by General Mills. These tests are given in the Betty Crocker Search for the American Homemaker of Tomorrow.

The high school girl who plows through the pages of multiple choice and objective questions and comes up with the best score in her school will receive a golden Homemaker of Tomorrow pin and her school will have a new cookbook. She will also be in competition for the state Homemaker of Tomorrow who receives a \$1,500 scholarship. Last year's Canyon High School winner was Nancy Adcock, daughter of Mr. and Mrs.

H. C. Adcock.

Lucky state winners enjoy a tour of Washington, D. C., colonial Williamsburg, Va., and Philadelphia April 8-12, and on April 12 all the girls can stop holding their breath as the American Homemaker of Tomorrow is selected on that date. The honored girl will then be the proud recipient of a \$5,000 scholarship.

Are the homemaking courses offered in our schools having an influencing impact on the future homemakers of tomorrow? These tests are a good medium to find out.

If ye then, being evil, know how to give good gifts unto your children, how much more shall your Father which is in heaven give good things to them that ask him? St. Matthew 7:11.

Work, Storage Subject Of Pleasant-Jo Talk

The Pleasant-Jo 4H Club met Nov. 29 at 4 p. m. in the Edgar Robinson home with Patsy and Jean as hostesses.

A new member, Patricia Salmon, was welcomed into the club.

Mrs. Mona Hildreth, H. D. agent spoke on work simplification and convenient storage.

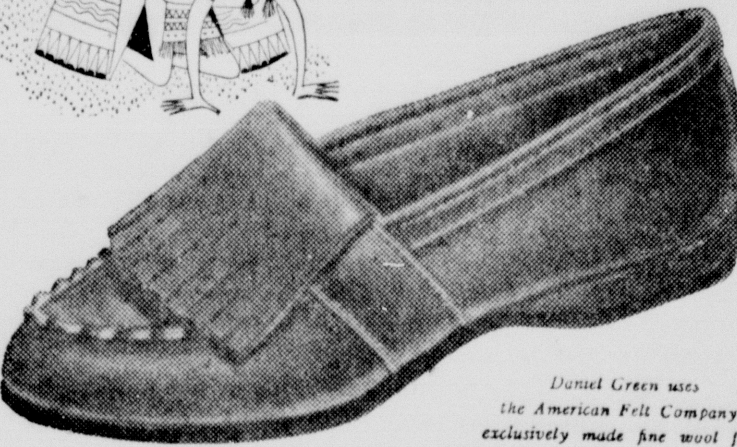

Kathryn Winstead gave a demonstration on the proper care of shoes.

Refreshments of Cokes, cookies and ice cream were served to Patricia Salmon, Norma Henderson, Sharon and Peggy Cranmer, Kathryn Winstead, Judy Wilson, Elizabeth Haynes, members; and Mrs. Hildreth, Mrs. E. L. Cranmer, Leta

More picnic areas on nation's highways are urged.

Trucking company in Los Angeles, Calif., has plenty of grounds for action against some light-fingered gentry in the community. Thieves stole a truck-trailer filled with 34,000 pounds of coffee from the firm's parking lot.

Yes, you actually get

The Thunderbird Y-8 engine in the '56 Ford

And this Thunderbird Y-8 is the standard eight in all Ford Fairlane and Station Wagon models, at no extra cost!

Now you can have the power you've always dreamed about... and in a family-size Ford! When you order an eight-cylinder Ford Fairlane or Station Wagon model you get the Thunderbird Y-8—the very same engine that made Ford's Thunderbird famous.

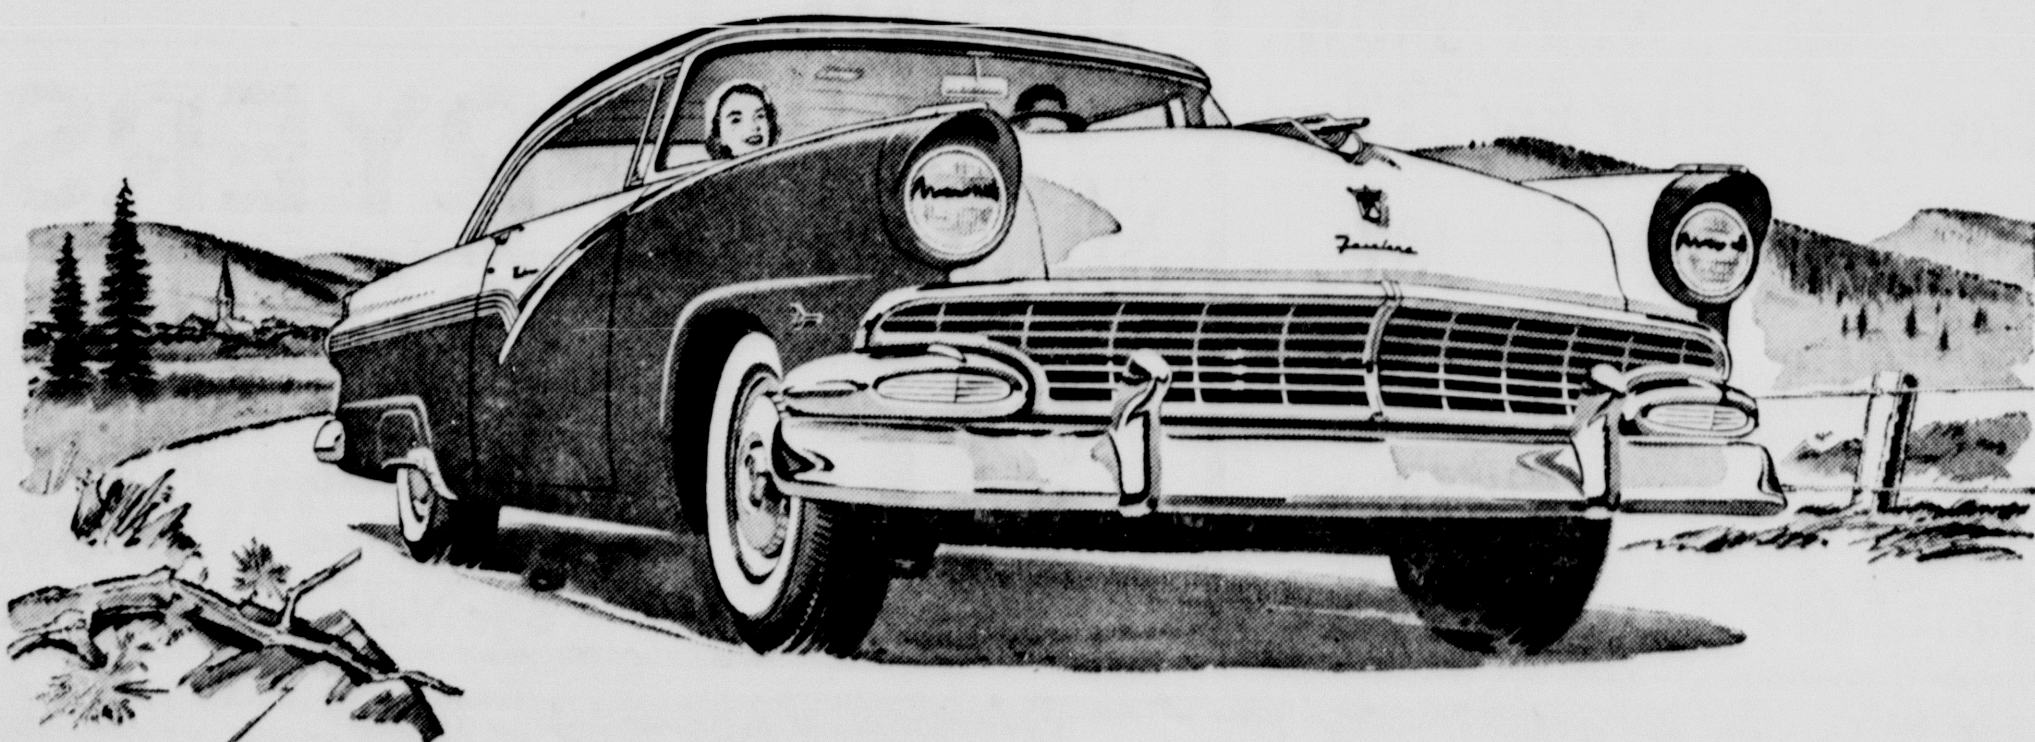

Thunderbird Y-8 power makes uphill feel like

downhill... distances disappear. You pass in instants when instants count. And when you want take-off power you get it... and now!

You get a 4-barrel carburetor and dual exhausts. As in all Ford engines, you get a 12-volt ignition system for fast all-weather starts... low-friction, high-compression design for more

miles from less gas. And, above all, the new Thunderbird eight is a Y-8 engine with deep-block build for quieter, smoother performance... longer engine life.

In addition to Thunderbird lightning, Ford for '56 offers you the Thunderbird look! In every long, low line—every graceful contour—you can see it's a blood brother of the fabulous Thunderbird, America's most exciting car! What's more, you get Ford's exclusive Lifeguard Design for added protection. Come in and Test Drive the fine car at half the fine-car price.

Try the Thunderbird Y-8 in the fine car at half the fine-car price!

Sensation of the Season!

FESTIVE FRUIT CAKE

NO BAKING

FESTIVE FRUIT CAKE

¾ cup Pet Evaporated Milk
 2 dozen marshmallows,
 finely cut
 ¼ cup orange juice*
 6 dozen 2½-in. graham
 crackers
 ½ teaspoon cinnamon
 ½ teaspoon nutmeg

¼ teaspoon cloves
 1½ cups seedless raisins
 (½ golden and ½ dark
 are best)
 ¾ cup finely cut dates
 1 cup broken walnuts
 1¼ cups ready-mixed, cut-up
 candied fruit, bulk or canned

Line with waxed paper bottom and sides of a 9-inch tube pan, or 6-cup loaf pan. Put into a bowl the milk, marshmallows and orange juice. Let stand until needed. Roll graham crackers into fine crumbs. Put crumbs into a large bowl with the cinnamon, nutmeg, cloves, raisins, dates and walnuts. Add candied fruit and the milk mixture. Mix with a spoon, then with hands until crumbs are moistened. Press firmly into pan. Top with fruit and nuts. Cover tightly. Chill 2 days before slicing. Keep in cool place. Makes 3½ lbs.
